Community Outreach for Planning & Development Applicant-led Outreach Summary

What did you hear?

Provide a summary of main issues and ideas that were raised by participants in your outreach.

The Ward Councilor office responded to our letter on January 9, 2023 advising us to reach out to the local community association and relevant stakeholders.

A representative from the Glenbrook Community Association called our office on January 10, 2023 to discuss the application. They are progressive and not opposed to R-CG, but are concerned about parking and suite parking relaxations.

March 6 - The applicant met with the Community Association president to discuss the application and talk about our development intentions. The developer was also in attendance.

We have not received any communications from community members, as of yet.

How did stakeholder input influence decisions?

Provide a summary of how the issues and ideas summarized above influenced project decisions. If they did not, provide a response for why.

At this point we haven't received stakeholder input that has caused a reason for revision. We are yet to formally meet with all stakeholders, so we will continue to update this section and provide an update prior to council.

How did you close the loop with stakeholders?

Provide a summary of how you shared outreach outcomes and final project decisions with the stakeholders that participated in your outreach. (Please include any reports or supplementary materials as attachments)

At this point we have not closed the loop with stakeholders. We will continue to provide updates to stakeholders as they come, and will update this section prior to council.
