Requiring notice for images of graphic content protects Calgarians from having to view graphic content that can cause negative affects to their lives. People should be able to choose what kind of content should be exposed to their families and should warn the people to make their own decisions as to whether or not they are interested in viewing that content. This content can cause mental and emotional harm to children and families and should not be shown in public. We have graphic warnings and ratings for movies and other content and there should be the same bylaws regarding mail.

I completely understand there's freedom of expression, but right now what these groups are doing is traumatizing women and children with these images

I've known of children who have had a bad experience because of these flyers, where parents had to step in to make them understand, what's this all about! . There are women in our community who experienced pregnancy loss and have developed a phobia to encounter these people and their disgusting images.

I want their pamphlets to be in closed envelopes, so that people don't go into their mailboxes and open up these horrifying images. Furthermore, it would be nice if there are warnings about graphic content printed on these envelopes as well.

I believe these flyers should be banned outright. However this bylaw to ensure they are in a sealed envelope is a step in the right direction.
