**RECOMMENDATION OF THE CALGARY PLANNING COMMISSION, 2023 MARCH 9:**

That Council:

1. Give three readings to **Proposed Bylaw 24P2023** for the amendment to the Millican-Ogden Area Redevelopment Plan (Attachment 2); and

**HIGHLIGHTS**

- This application seeks to redesignate the subject site to allow for rowhouses, in addition to the building types already listed in the district (e.g. single detached, semi-detached, duplex dwellings and secondary suites).
- The proposal represents an appropriate density increase of a residential site, allows for development that may be compatible with the character of the existing neighbourhood and is in keeping the applicable policies of the *Municipal Development Plan* (MDP).
- What does this mean to Calgarians? The proposed Residential – Grade-Oriented Infill (R-CG) District would allow for greater housing choice within the community and more efficient use of existing infrastructure and nearby amenities.
- Why does this matter? The proposed R-CG District would allow for more housing options that may better accommodate the evolving needs of different age groups, lifestyles and demographics.
- An amendment to the *Millican-Ogden Area Redevelopment Plan* (ARP) is required to accommodate the proposal.
- A development permit has not been submitted at this time.
- There is no previous Council direction related to this proposal.

**DISCUSSION**

This application, located in the southeast community of Ogden, was submitted by New Century Design on behalf of the landowners Trung Nguyen and Lily Le on 2022 November 29. No development permit has been submitted at this time; however, as noted in the Applicant Submission (Attachment 3), their intent is to apply for a development permit for a four-unit rowhouse in the future.

The approximately 0.06 hectare site is situated at the southwest corner of Crestwood Road SE and 69 Avenue SE. The laned corner lot is directly across the street from a 4-storey multi-residential building. It is also 120 metres west of Ogden Road which is designated as an arterial street and is lined by a variety of neighbourhood commercial development. The site is approximately 150 metres (two-minute walk) from four transit routes. George Moss Park is 250 metres south. Lynwood Park is 500 metres west of the subject site, and is flanked by 3 schools, a community hall, a senior's centre and an arena. The proposed R-CG District would allow grade-oriented development in the form of rowhouse or townhouse buildings.

A detailed planning evaluation of the application, including location maps and site context, is provided in the Background and Planning Evaluation (Attachment 1).

- the application represents an investment in the community;
- this type of development will bring vibrancy back to the community;
- increased density is needed to support local businesses and schools; and
- the site is ideally located near services and public transportation.

The Millican-Ogden Community Association provided a letter in opposition on 2023 January 7 (Attachment 5) identifying the following concerns:

- proposal is dependent on a draft local area plan / does not comply with the existing ARP;
- minimal engagement has been undertaken by the applicant; and
- insufficient street parking to support the proposed development.

Administration considered the relevant planning issues specific to the application and has determined the proposal to be appropriate.

Following Calgary Planning Commission, notifications for Public Hearing of Council will be posted on site and mailed to adjacent landowners. In addition, Commission's recommendation and the date of the Public Hearing will be advertised.
