**ENGAGEMENT AND COMMUNICATION**

- ☒ Outreach was undertaken by the Applicant
- ☒ Public/interested parties were informed by Administration

**Applicant-Led Outreach**

As part of the review of the proposed land use amendment application, the applicant was encouraged to use the [Applicant Outreach Toolkit](#) to assess which level of outreach with relevant public groups and the respective community association was appropriate. In response, the applicant reached out to the Bankview Community Association (CA) and the Ward 8 Councillor's office. The Applicant Outreach Summary can be found in Attachment 4.

**City-Led Outreach**

In keeping with Administration's practices, this application was circulated to relevant public groups, notice posted on site and published [online](#). Notification letters were sent to adjacent landowners.

Administration received one response in opposition and two neutral responses from the public noting the following areas of concern:

- on-street parking concerns;
- proposed height;
- privacy concerns; and
- noise impacts.

The Bankview CA was notified of the application and provided an email which did not support nor oppose the proposal on 2022 November 14 (Attachment 5). They also included additional comments:

- The design of a future development should maintain the character of the existing neighbourhood.

Administration considered the relevant planning issues specific to the application and has determined the proposal to be appropriate. Given the unique on-site grading conditions, Administration did have discussions on the future building and site design, which included conversations on shadow impacts on the Bankview Community Garden and on-site parking. These items will also be reviewed and determined at the development permit stage.

Following Calgary Planning Commission, notifications for a Public Hearing of Council will be posted on site and mailed out to adjacent landowners. In addition, Commission's recommendation and the date of the Public Hearing will be advertised
