Park hill loc2022-0208 bylaw86d2023.

Concern regarding excavation along property at 57 mission rd sw. The sandy soil and steep slope of the back yard will create cave in conditions which will cause major damage to the back yard. A cave in caused by the excavation could be hazardous to the occupants and pets on the property. We would like some assurances that a proper retaining wall with braces and anchors will be installed along the property line. We respectfully submit our concern and look forward to hearing from you. We can be contacted at [REDACTED] Robert Ackerman and Lily Legallou. 57 mission rd sw
