

Comparison of Historical Ward Budgets and Population

Influences

- 2017 and 2021: Ward boundary changes were effective in 2017 and 2021, which affected the population of some wards.
- 2020: Ward-level population data is not available as there wasn't a census in that year. The Ward Budget for 2020 was \$280,900 per ward.
- 2021: Ward-level population data is estimated based on the 2021 Statistics Canada census.
