Using the Applicant outreach assessment tool, this project scored a 1A. It is also being proposed in a developing community. Even with that score, we still took the time to reach out to the Sage Hill CA to discuss the project. An initial email was sent on January 17 which lead to a follow up phone call with the president of the CA on January 19. During the call, we discussed the details of the project and the upcoming application. The CA president indicated he had no concerns with the project and was happy to see additional development in the area. His focus was on seeing continued economic growth in the area and added amenities for the residents. He also talked about a community garden initiative the CA was working on and we indicated that we would look into providing support with their application and execution of the project.

Stakeholders

Who did you connect with in your outreach program? List all stakeholder groups you connected with. (Please do not include individual names)

We connected initially with the broader Sage Hill CA and then specifically with the president of the CA.
