Commissioner Hawryluk	<p>Reasons for Approval</p> <ul style="list-style-type: none">Administration is correct that this application is consistent with the H-GO Land Use District's location criteria. "This site is located within the Inner City area and is 420 metres from the Banff Trail LRT platform, and therefore is an appropriate location for the H-GO District" (Attachment 1, page 4). <p>In total, 38% of the applications at this public hearing are low density (20.6%) and H-GO (17.6%), the latter of which have clear Council-approved locational criteria.</p>
