Commissioner Tiedemann	Reasons for Approval <ul style="list-style-type: none">This application is to redesignate a site in Medicine hill from R-2M to M-Gd50. This represents a great change that I was happy to support. The revised land use is more flexible and the applicant has already proceeded with a DP application (non-concurrent). This change also complies with the existing ASP.
Commissioner Hawryluk	Reasons for Approval <ul style="list-style-type: none">The change from Residential — Low Density Multiple Dwelling District (R-2M) to Multi-Residential – Contextual Grade-Oriented (M-CGd50) is quite small: The maximum height will change from 11m to 13m and the maximum density will remain 50 units/hectare.
