

Previous Council Direction

On 2022 October 5, Council directed Administration to:

1. Develop a communications plan:

i. that clearly outlines the changes resulting from bylaw 56P2022 and clarifies:

- a) The process for redesignating land as H-GO, including the role for Council and members of the public in that process;
- b) The changes to the R-CG district and the process to apply for a development as a result of this bylaw, including the opportunities available for public engagement in that process;
- c) The principles that Administration considers in their recommendations and decision on land use changes and development permit applications; and
- d) The immediate changes resulting from this bylaw for existing communities, if any.

ii. That targets community associations directly, and is available to other members of the public on The City's website;

2. Implement the communications plan within existing resources; and

3. Prepare a report on Administration's practices for public engagement on planning and land use matters, and to report back to Council no later than Q2 2023.

Highlights

Key Points

- Meaningful and transparent communications
- Tailored approach
- Clear expectations for all parties involved

Planning and Land Use Initiatives

- Citywide Planning and Policy (MDP/LUB)
- Local Area Plans

WHEEL OF POWER/PRIVILEGE

Planning and Land Use Initiatives

- Land Use Amendments and Development Permits

Applicant Outreach Toolkit

Outreach tools and resources for
landowners/applicants

Recommendation

That the Infrastructure and Planning Committee recommend that Council receive this report for the Corporate Record.
