I am the owner of 8775 17 Ave SE.
 The Access Closure Bylaw for Item 7.4 - 8775 17 Ave SE IP2023-0270 closes of my Access.
 Dear Council members,
 I am here today to oppose the Access Closure Bylaw until a workable and acceptable design is proposed for a proper access road on the west side (new 84 St).
 An east access to my property that is proposed is not workable or reasonable. It is 1900 ft away from the house and there is no road, just dirt. Furthermore, that is where the wetlands are located, and it is flooded out in the spring and when there is heavy rain fall. (Nobody from the City ever discussed this with me.
 Therefore, the access needs along the new 84 Street SE. The city has provided me with 2 access proposed locations how each time the access entrance and road were too close to my accessory building. As seen on Exhibit A where the road ends up within a couple feet away for the accessory building. I have attached as Exhibit B, a map of the parcel and the acceptable access locations.
 As you can see from, Exhibit A, In their Feb 7 letter to me, the city has said they would put in a new access and road in along 84th Street SE.
 Feb 8 Letter from the City
 "This bylaw will only impact your western access and will not result in any alterations to your existing, right-in/right-out access onto 17th Avenue SE further east on your property. In order to ensure you continue to have access from all directions, a new driveway can be constructed for your property that accesses the new 84th Street SE, directly to the west of your property. This will provide access to all directions for you in a manner that is similar to the developments to the north of 17th Avenue SE. A poten-

Comments - please refrain from providing personal information in this field (maximum 2500 characters)

tial design is as shown in the below drawing.”

And then on April 28th, without prior notice, the city decided to change their minds and close off all access from 84th Street. On a Apr 28 letter, the city advised me that they we no longer going to install the 84th access since it would be too costly
Apr 28th letter from the City

If Council votes to approve the access closure via bylaw, the following sequence of events will take place:

- You will be issued a temporary access permit by the Director of Mobility, allowing you to continue to use the driveway until it is actually barricaded. A minimum of 10 days' notice will be given. We do not intend to close it until modifications have been m
