What did you hear?

Provide a summary of main issues and ideas that were raised by participants in your outreach.

Thus far we haven't received many responses so this will be updated as needed. From the few individuals we have spoken to there have been concerns regarding massing, parking, density, city trees and exterior design.

How did stakeholder input influence decisions?

Provide a summary of how the issues and ideas summarized above influenced project decisions. If they did not, provide a response for why.

At this point stakeholder input has not caused a revision to our intention but our engagement process will be ongoing throughout this application.

How did you close the loop with stakeholders?

Provide a summary of how you shared outreach outcomes and final project decisions with the stakeholders that participated in your outreach. (Please include any reports or supplementary materials as attachments)

At this point we have not closed the loop so this document will be updated at a later time.
