

Land Use Amendment in Glenbrook (Ward 6) at 3703 – 40 Street SW, LOC2023-0010

RECOMMENDATION:

That Calgary Planning Commission recommend that Council give three readings to the proposed bylaw for the redesignation of 0.06 hectares \pm (0.15 acres \pm) located at 3703 – 40 Street SW (Plan 2721HP, Block 93, Lot 7) from Residential – Contextual One / Two Dwelling (R-C2) District to Residential – Grade-Oriented Infill (R-CG) District.

RECOMMENDATION OF THE CALGARY PLANNING COMMISSION, 2023 APRIL 20:

That Council give three readings to **Proposed Bylaw 74D2023** for the redesignation of 0.06 hectares \pm (0.15 acres \pm) located at 3703 – 40 Street SW (Plan 2721HP, Block 93, Lot 7) from Residential – Contextual One / Two Dwelling (R-C2) District to Residential – Grade-Oriented Infill (R-CG) District.

HIGHLIGHTS

- This application seeks to redesignate the subject site to allow for rowhouses, in addition to the building types already listed in the district (e.g. single detached, semi-detached, duplex dwellings and secondary suites).
- The proposal represents an appropriate density increase of a residential site, allows for development that may be compatible with the character of the existing neighbourhood and is in keeping with the applicable policies of the *Municipal Development Plan* (MDP).
- What does this mean to Calgarians? The proposed Residential – Grade-Oriented Infill (R-CG) District would allow for greater housing choice within the community and more efficient use of existing infrastructure and nearby amenities.
- Why does this matter? The proposed R-CG District would allow for more housing options that may better accommodate the evolving needs of different age groups, lifestyles and demographics.
- A development permit has not been submitted at this time.
- There is no previous Council direction related to this proposal.

DISCUSSION

This land use amendment application, in the southwest community of Glenbrook was submitted by New Century Design on behalf of the landowners, Jamie and Cheryl Ann Armstead on 2023 January 12. No development permit has been submitted at this time; however, as noted in the Applicant Submission (Attachment 2), their intent is to apply for a development permit for a four-unit rowhouse with secondary suites in the future.

The approximately 0.06 hectare parcel is located at the southwest corner of 40 Street SW and 35 Avenue SW. It is currently developed with a semi-detached dwelling with vehicular access from the rear lane. The site is 120 metres north of Richmond Road SW and within 700 metres of Elementary and Junior High schools.

A detailed planning evaluation of the application, including location maps and site context, is provided in the Background and Planning Evaluation (Attachment 1).

Land Use Amendment in Glenbrook (Ward 6) at 3703 – 40 Street SW, LOC2023-0010

ENGAGEMENT AND COMMUNICATION

- Outreach was undertaken by the Applicant
- Public/interested parties were informed by Administration

Applicant-Led Outreach

As part of the review of the proposed land use amendment application, the applicant was encouraged to use the [Applicant Outreach Toolkit](#) to assess which level of outreach with the public/interested parties and respective community association was appropriate. In response, the applicant met with the Glenbrook Community Association and dropped postcards to 75 homes within the vicinity of the site. The Applicant Outreach Summary can be found in Attachment 3.

City-Led Outreach

In keeping with Administration's practices, this application was circulated to the public/interested parties, notice posted on-site and published [online](#). Notification letters were also sent to adjacent landowners.

Administration received two letters of opposition from the public regarding the proposal. The areas of concern raised were:

- too much density is proposed;
- the development will be unsightly;
- traffic and parking issues; and
- there will be insufficient space for all the required waste/recycling and organics bins.

Glenbrook Community Association provided an email on 2023 March 14 to state that they had no comments regarding the application (Attachment 4).

Administration considered the relevant planning issues specific to the application and has determined the proposal to be appropriate. The building and site design, number of units, and on-site parking will be reviewed and determined at the development permit stage.

Following Calgary Planning Commission, notifications for a Public Hearing of Council will be posted on-site and mailed to adjacent landowners. In addition, Commission's recommendation and the date of the Public Hearing will be advertised.

IMPLICATIONS

Social

The proposed R-CG District would allow for a wider range of housing types than the existing Residential – Contextual One / Two Dwelling (R-C2) District, and the proposed land use change may better accommodate the housing needs of different age groups, lifestyles, and demographics.

Environmental

The application does not include any actions that specifically address the objectives of the *Calgary Climate Strategy – Pathways to 2050*. Further opportunities to align future development

Land Use Amendment in Glenbrook (Ward 6) at 3703 – 40 Street SW, LOC2023-0010

on this site with applicable climate strategies will be explored and encouraged at subsequent development approval stages.

Economic

The ability to moderately increase density in this location would make for more efficient use of existing infrastructure and services.

Service and Financial Implications

No anticipated financial impact

RISK

There are no known risks associated with this proposal.
