

Applicant Submission

March 16, 2023

Dear officer:

I am writing to require if we can change our side-by-side houses in Panorama Hills into a childcare facility. We have been running day homes in these 2 houses since 2009. We believe we are one of the best childcare organizations in Calgary and we hope you can support us in this matter.

The reason why we apply to change our homes to a childcare center is because of many reasons.:

First of all, we don't have a childcare center in the Panorama community. We had already reached out to the community association, and they expressed that we can absolutely set up a childcare center in order to help the community out. (I will forward the letter from them in this application)

Secondly, we can't find any spaces that are a right fit to run a childcare center in this community.

Thirdly, we have a long waiting list to get into our program and we don't have enough space for them.

The fourth reason is we need some support from the government to help some of the special children who needs special support and extra resources to help them blossom.

Inner Garden Bilingual Day Home Agency is currently managing 20-day homes and have already serviced

nearly 500 children in Calgary. We believe our home-base childcare center model will benefit more children and families who needs quality childcare. We are running a successful Early Childhood Education system by finding and training the best childcare workers and help them find being the best of themselves by being children's Daytime Mum! We know that home-base childcare centers are going to be the most popular and effectible childcare place for children.

We believe there are tons of roses in a spring, but there is only one spring for each rose. We believe that each child is a blossoming flower, and they deserve nothing but the best in their childhood, For the past 14 years, we keep trying our best to raise the children in the right way. Love them. We feed them the healthiest food, teach them the right way to start their journey. We are so happy to see all the kids grow up here build a great foundation. The parents from Inner Garden believe that we are the best place to raise their kids. We will attach some of the letters from the parent in this application.

We receive the first bilingual day home agency license in December 6, 2021 Within the province. We serviced over 150 families across the city in 2022. Thank you so much for your support and understanding. We need the support from you. Please feel free to contact me if you have any questions.

Sincerely,

Bing Liu

Inner garden Bilingual Day home Agency
