**DISCUSSION**

This application is located in the southwest community of Glendale and was submitted by K5 Designs on behalf of the landowner, 2423467 Alberta Ltd. (Davinder Sidhu) on 2022 October 11. The site is approximately 110 metres (one minute walk) of the southbound Route 9 transit stop on 37 Street SW. No development permit has been submitted at this time. However, as noted in the Applicant Submission (Attachment 2), their intent is to develop a mixed-use building with at-grade medical and commercial uses with residential units above.

The subject site is located at the northwest corner of 37 Street SW and 25 Avenue SW and is approximately 0.10 hectares (0.24 acres) in size. The community of Killarney/Glengarry is located across 37 Street SW to the east. the south. Parcels designated as Residential – Contextual One / Two Dwelling (R-C2) District and Multi-Residential – Contextual Low Profile (M-C1) District surround the site to the north, east and west.

The MU-1 District is characterized generally by a mix of residential and commercial uses in the same building or in multiple buildings throughout an area. This application is for a height of 16 metres (approximately three storeys), and a Floor Area Ratio (FAR) of 3.0. This proposal is in keeping with the recently approved *Westbrook Communities Local Area Plan* (LAP).

**ENGAGEMENT AND COMMUNICATION**

- Outreach was undertaken by the Applicant
- Public/interested parties were informed by Administration

**Applicant-Led Outreach**

As part of the review of the proposed land use amendment application, the applicant was encouraged to use the [Applicant Outreach Toolkit](#) to assess which level of outreach with the public/interested parties and respective community association was appropriate. In response, the applicant contacted the Glendale/Glendale Meadows Community Association and approximately 60 postcards were hand delivered door-to-door to neighbours. The Applicant Outreach Summary can be found in Attachment 3.

**City-Led Outreach**

In keeping with Administration's practices, this application was circulated to the public/interested parties, notice posted on-site and published [online](#). Notification letters were also sent to adjacent landowners.

Administration received one letter of opposition from the public. The letter of opposition included the following areas of concern:

- increased density;
- increased traffic and parking issues;
- reduced sunlight; and
- mixed use does not fit the character of the community.

Glendale/Glendale Meadows Community Association (CA) responded with no objections with the proposal (Attachment 4). The CA looks forward to reviewing and commenting on the upcoming Development Permit for this site.

Administration considered the relevant planning issues specific to the application and has determined the proposal to be appropriate. The building and site design, number of units, and on-site parking will be reviewed and determined at the development permit stage.

Following Calgary Planning Commission, notifications for a Public Hearing of Council will be posted on-site and mailed to adjacent landowners. In addition, Commission's recommendation and the date of the Public Hearing will be advertised.
