**Utility Sustainment Reserve**

\$ 52,226  
(2012)

Combined Operating & Capital Reserve (\$000s)

**Authorization:** FCS2011-32

**Purpose:** ~~Consolidation of three reserves (Wastewater Reserve, Waterworks Reserve, Storm Sewer Upgrade Reserve) into this new Utility Sustainment reserve.~~

This reserve has been set up to provide both an operating contingency to offset revenue fluctuations and to manage cash flow, ensuring funds are available to meet both operating and capital requirements, capital financing needs associated with capital expenditures.

~~This reserve has been set up to streamline the tracking and monitoring processes by retaining all reserve funds within one reserve and accommodate cash flow variations to ensure the Utilities have sufficient funding available to meet annual Operating and Capital Budget Funding requirements. This reserve is planned to be increased over the next 6 years to the target level of 10% of utility revenues for contingency purposes as well as manage cash flow requirements related to operating and capital spending variations.~~

**Conditions:** ~~Once the reserve has been built up to a level that is equivalent to 10% of total Utility revenues, this will be the targeted level that the Utility will retain in the reserve at all times.~~

**Restrictions:** ~~This is an on-going sustainment reserve, intended to ensure the Utilities have sufficient funds to meet financial obligations through periods of revenue fluctuation and peaks in working capital requirements. It provides for contingency funds to accommodate negative revenue fluctuations and allow for effective cash flow management. (Note: the statement above may be correct, but it is not a restriction). A target balance for sustainment funds set at 10% of utility revenues. Funds set aside for capital projects dependant on planned capital projects.~~

**Funding Sources:** Utility rate revenues at planned contributions levels and annual operating budget variances.  
~~Portion of Acreage assessments to be spent in future years.~~
