Community Outreach for Planning & Development Applicant-led Outreach Summary

What did you hear?

Provide a summary of main issues and ideas that were raised by participants in your outreach.

We heard back from 2 community members. One of those people responded twice, once as a community member and again as a representative of the CA. The only issue that was brought us was the fate of the mature tree on the lot. The CA was supportive.

How did stakeholder input influence decisions?

Provide a summary of how the issues and ideas summarized above influenced project decisions. If they did not, provide a response for why.

At this point we have not heard anything that has raised cause for a change in our current plans.

How did you close the loop with stakeholders?

Provide a summary of how you shared outreach outcomes and final project decisions with the stakeholders that participated in your outreach. (Please include any reports or supplementary materials as attachments)

Each person who sent us a message received a tailored response.
