Community Outreach for Planning & Development Applicant-led Outreach Summary

What did you hear?

Provide a summary of main issues and ideas that were raised by participants in your outreach.

The main concerns that came up were the traffic concerns. People were abit confused but I was able to explain to them that the traffic build up is on the other side of Elbow Drive due to the highschool. Once everyone relized that concern was not an issue they were all okay with the idea.

How did stakeholder input influence decisions?

Provide a summary of how the issues and ideas summarized above influenced project decisions. If they did not, provide a response for why.

Parents and The Community both agree that this will become an asset for the community. The lack of childcare spaces is a big concern as Canyon Meadows is a very family oriented community.

How did you close the loop with stakeholders?

Provide a summary of how you shared outreach outcomes and final project decisions with the stakeholders that participated in your outreach. (Please include any reports or supplementary materials as attachments)

With a thorough explanation to all parties involved, I feel that everyone is on the same page and would like to help the families of Canyon Meadows by adding additional childcare spaces in the community.
