As this property is located in a Industrial focused ASP and similar developments are happening nearby, we do not expect concerns from the community regarding this re-designation application. That being said, we would like to provide information and opportunity for discussion with the community.

- We distributed a written public notice document on June 19th, following a confirmation of the CPC Meeting date. The public notice included a concept site plan, planning context and information on mitigation efforts to reduce impact to the area.

- This notice was distributed to adjacent landowners, as shown on the satellite image at the end of this document.

- Contact details were shared in the public notice to create an opportunity for stakeholders to reach out and voice concerns or ask questions. If stakeholders chose, they may request for us to report back with updates and decisions made, based on the outreach process.

-If we receive any inquiries/comments from the public between the submission of this Outreach Summary and the CPC Meeting OR Public Hearing, we will notify City of Calgary Planners.
