

Land Use Amendment in Capitol Hill (Ward 7) at 1740 – 19 Avenue NW, LOC2023-0109

RECOMMENDATION:

That Calgary Planning Commission recommend that Council:

Give three readings to the proposed bylaw for the redesignation of 0.06 hectares \pm (0.14 acres \pm) located at 1740 – 19 Avenue NW (Plan 2864AF, Block 20, Lots 19 and 20) from Residential – Contextual One / Two Dwelling (R-C2) District to Residential – Grade-Oriented Infill (R-CG) District.

RECOMMENDATION OF THE CALGARY PLANNING COMMISSION, 2023 JULY 20:

That Council give three readings to **Proposed Bylaw 147D2023** for the redesignation of 0.06 hectares \pm (0.14 acres \pm) located at 1740 – 19 Avenue NW (Plan 2864AF, Block 20, Lots 19 and 20) from Residential – Contextual One / Two Dwelling (R-C2) District to Residential – Grade-Oriented Infill (R-CG) District

HIGHLIGHTS

- This application seeks to redesignate the subject site to allow for rowhouses and townhouses, in addition to the building types already listed in the district (e.g., single detached, semi-detached, duplex dwellings and secondary suites).
- The proposal represents an appropriate density increase of a residential site, allows for development that is compatible with the character of the existing neighbourhood and is in keeping with applicable policies of the *Municipal Development Plan* (MDP) and the *North Hill Communities Local Area Plan* (LAP).
- What does this mean to Calgarians? The proposed Residential – Grade-Oriented Infill (R-CG) District would allow for greater housing choice within the community and more efficient use of existing infrastructure and nearby amenities.
- Why does this matter? The proposed R-CG District would allow for more housing options that may better accommodate the evolving needs of different age groups, lifestyles, and demographics.
- A development permit has not been submitted at this time.
- There is no previous Council direction related to this proposal.

DISCUSSION

This application, in the northwest community of Capitol Hill, was submitted by the landowner, 2480677 Alberta Ltd. (Linda Barron), on 2023 April 21. No development permit has been submitted at this time; however, as noted in the Applicant Submission (Attachment 2), their intent is to build four dwelling units each with secondary suites in the future.

The 0.06 hectare lot is located at the northeast corner of the intersection of 19 Avenue NW and 17 Street NW. The site is currently developed with a single detached dwelling with a detached garage accessed from the rear lane. Future vehicle access is anticipated to be from the rear lane.

A detailed planning evaluation of the application, including location maps and site context, is provided in the Background and Planning Evaluation (Attachment 1).

PUBLIC ENGAGEMENT AND COMMUNICATION (EXTERNAL)

- Outreach was undertaken by the Applicant
- Public/interested parties were informed by Administration

Applicant-Led Outreach

As part of the review of the proposed land use amendment application, the applicant was encouraged to use the [Applicant Outreach Toolkit](#) to assess which level of outreach with the public/interested parties and respective Community Association was appropriate. In response, the applicant reached out to the nearby property owners, the Capitol Hill Community Association and the Ward 7 office through phone, email and text. The Applicant Outreach Summary can be found in Attachment 3.

City-Led Outreach

In keeping with Administration's practices, this application was circulated to the public/interested parties, notice posted on-site and published [online](#). Notification letters were also sent to adjacent landowners.

Administration received two letters of opposition from the public. The areas of concern were increased parking demands, building height and the loss of mature trees.

No comments from the Capitol Hill Community Association were received. Administration contacted the Community Association to follow up and no response was received.

Administration considered the relevant planning issues specific to the application and has determined the proposal to be appropriate. The building and site design, number of units, parking and landscaping will be reviewed and determined at the development permit stage.

Following Calgary Planning Commission, notifications for Public Hearing of Council will be posted on-site and mailed out to adjacent landowners. In addition, Commission's recommendation and the date of the Public Hearing will be advertised.

IMPLICATIONS

Social

The proposed R-CG District would allow for additional housing types and accommodates site and building design that is adaptable to the functional requirements of evolving household and lifestyle needs.

Environmental

This application does not include any actions that specifically address the objectives of the *Calgary Climate Strategy – Pathways to 2050*. Further opportunities to align future development on this site with applicable climate strategies will be explored and encouraged at subsequent development approval stages.
