To Whom It May Concern,

Re: 17th Avenue SW Pocket park Proposal

The Transportation Department, in coordination with Transportation Infrastructure's 17th Avenue SW Reconstruction Project, is pleased to provide this letter of support for the Cliff Bungalow-Mission Community Association Pocket Park proposal. As the project is not on City owned land and is out of scope for the 17th Avenue reconstruction we cannot provide direct financial support. We do support other funding initiatives that Council may direct towards the proposal.

The considerable volunteer efforts the group has put forward over a number of years, including community engagement, consultation, designs, and fund raising has culminated into an excellent opportunity to initiate urban activation in an otherwise underutilized portion of land, and lever the investment on the corridor for a better outcome for the community and citizens.

We look forward to seeing the results of your efforts.

With support,

Malcolm Logan, P.Eng., MBA
