Hello Melanie,

I have been in contact with the developer for this project. We are excited to see this project go through as the developer has built high quality projects in the area and this specific location will be a great addition to Marda Loop. At this time the MLCA is only making official comments on projects that we receive numerous comments from the community or that are a large scale developments.

Please feel free to use these comments for the CPC and let me know if you would prefer them in an official letter or if this will suffice.

Kindly,

Kim Kemper
