Dia you conduct community out	treach on your application? YES or NO	
If no, please provide your ration	nale for why you did not conduct outreach.	
	treach strategy, summary of tactics and techniques you ions, # of participants and any other relevant details)	
Before undertaking the proje	ct, our office completed the "Community Outreach	
	mpact score is "1A". So we proach to reach to community association, local resident d also Ward Councilor Office.	
During the process, our staff main concerns our office got	did post card deliver to residents within a 90 meters radiu did door knocking and spoke with residents at home. The are with regards to increased traffic, increased density, safety. We believe those can be properly dealt with at the	
We have also contacted com Until today, we haven't receive	munity association and councilor's office for comments. ved any response yet.	
Stakeholders Who did you connect with in yo with. (Please do not include ind	ur outreach program? List all stakeholder groups you connect ividual names)	
Immediate neighbour, local r	esidents, community association and ward councillor offi	

Community Outreach for Planning & Development Applicant-led Outreach Summary

What did you hear?

Provide a summary of main issues and ideas that were raised by participants in your outreach.

The main concerns we heard from local residents and community assocation are: increased traffic, parking issues, increased density, height, shadow effects, privacy and safety.

Some people also express concerns over property value and crime.

How did stakeholder input influence decisions?

Provide a summary of how the issues and ideas summarized above influenced project decisions. If they did not, provide a response for why.

We belive those concerns can be properly dealt with at the development permit stage.

According to R-CG bylaw, the side setback is increased to 3 meters on the side neighbouring another residential dwelling. Also even though, the maximum height is 1 meter higher, R-CG bylaw require lower height at perimeter.

How did you close the loop with stakeholders?

Provide a summary of how you shared outreach outcomes and final project decisions with the stakeholders that participated in your outreach. (Please include any reports or supplementary materials as attachments)

Continue enage with Councillor office and community association. And better explain to local residents about proposed developments and restrictions under R-CG.
