LOC2020-0080 Community Name Letter

Dear Colleen Renne-Grivell,

This community name change application is part of the LOC2020-0080 Outline Plan (OP) application. The initially proposed name of the community was "West View", but the City has requested that the name be changed as there are already a number of similarly named communities. In an email to B&A (Jack Moddle) dated July 23, 2021 (see attached), Kristine Stephanishin noted that it is acceptable to extend the boundaries of the neighbouring Crestmont to include this OP area. Thus, we propose to name the lands within this OP "Crestmont". See the attached Figure for the proposed community boundary.

The street names proposed in this Outline Plan follow the suggested names noted in the aforementioned email. Street names include:

Crestmeadow – Terrace, Green, Drive, Manor, Heights, Crescent

Crestmont – Street, Drive (continuation from existing)

Crestgrove – Gate, Heath, Common, Rise, Bay, Court, Cove, Cape, Link, Villas, Way, Landing, Place,
Passage, View, Mews

We trust that the boundary adjustment and proposed street names are satisfactory. Should you have any additional questions please contact the undersigned.

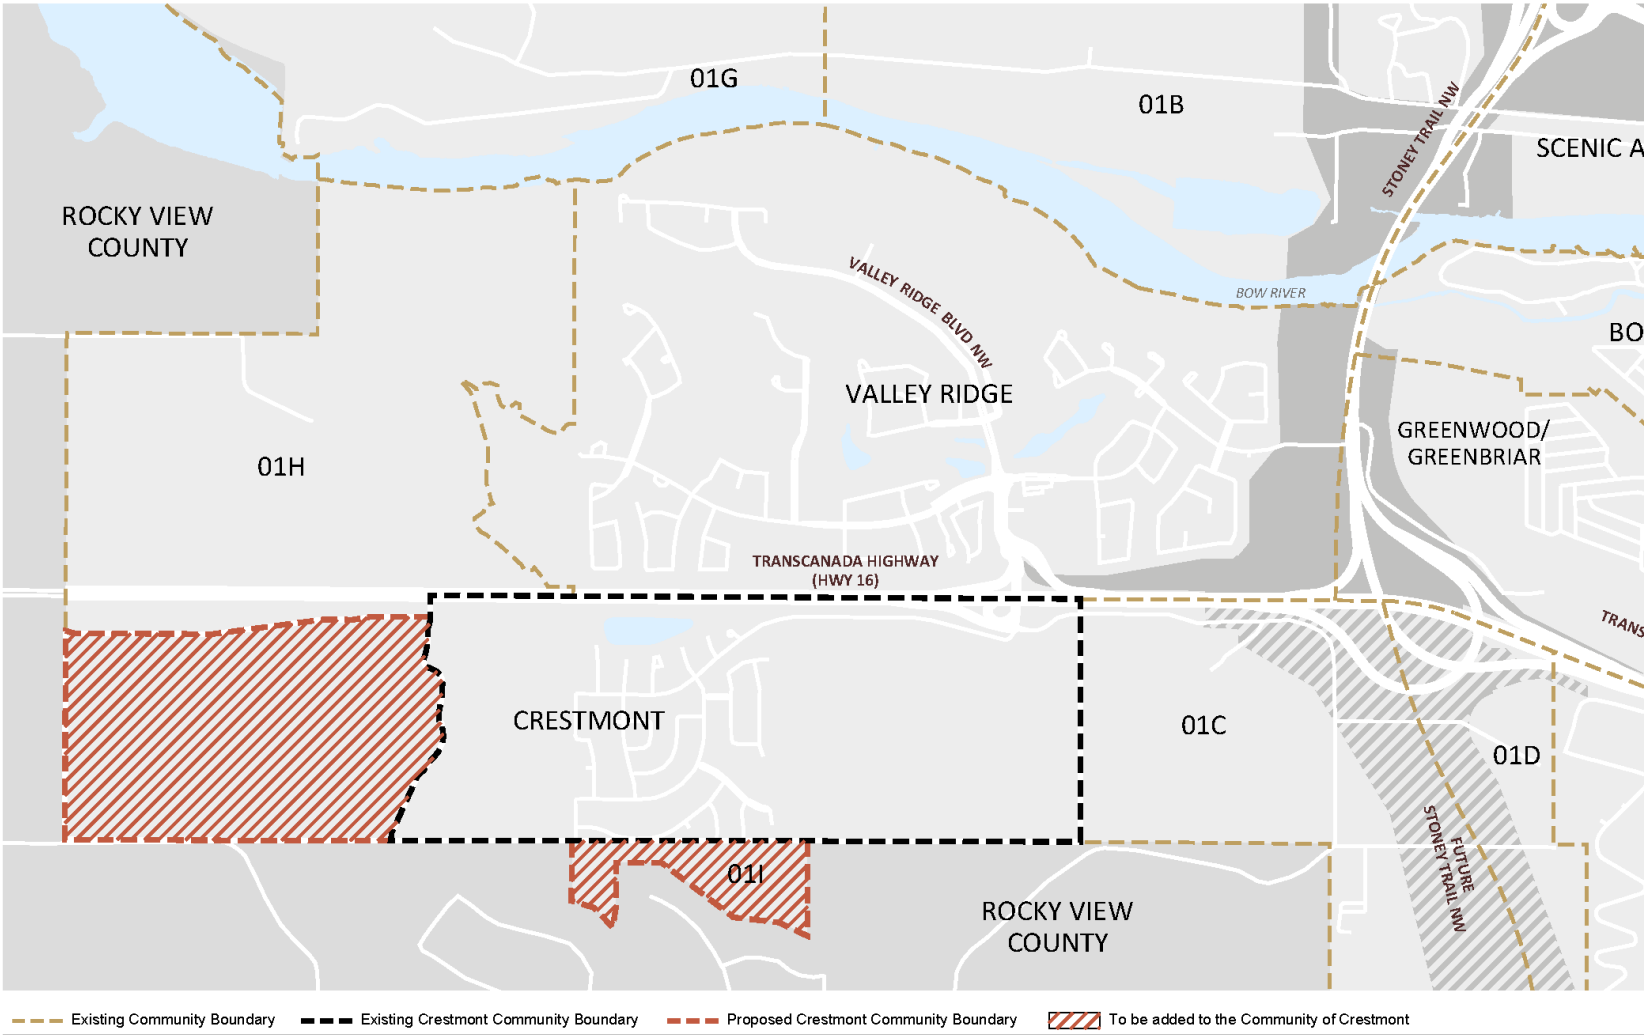

Regards,

A handwritten signature in blue ink, appearing to read 'J. Hanson'.
