With the feedback I received I ensured to make sure we clean the building and our area daily to make sure it stays clean on a daily basis. For increased volume we limit the amount of tables to 4 to ensure that no more than 4 people can visit in the future at the same time to limit volume.

We have cameras to ensure that ensure that we can monitor the home and the surrounding area.

I showed the stakeholders the improvements we made and how we plan to combat their concerns. We also gave them our contact to ensure that we can communicate freely as needed. In addition I offered to provide additional regular feedback so they can have a better understanding of our current position.
