

**Land Use Amendment in Capitol Hill (Ward 7) at 1540 – 18 Avenue NW, LOC2023-0137**

**RECOMMENDATION:**

That Calgary Planning Commission recommend that Council give three readings to the proposed bylaw for the redesignation of 0.06 hectares  $\pm$  (0.14 acres  $\pm$ ) located at 1540 – 18 Avenue NW (Plan 2864AF, Block 3, Lots 19 and 20) from Residential – Contextual One / Two Dwelling (R-C2) District to Residential – Grade-Oriented Infill (R-CG) District.

**RECOMMENDATION OF THE CALGARY PLANNING COMMISSION, 2023  
 SEPTEMBER 07:**

That Council give three readings to **Proposed Bylaw 194D2023** for the redesignation of 0.06 hectares  $\pm$  (0.14 acres  $\pm$ ) located at 1540 – 18 Avenue NW (Plan 2864AF, Block 3, Lots 19 and 20) from Residential – Contextual One / Two Dwelling (R-C2) District to Residential – Grade-Oriented Infill (R-CG) District.

**HIGHLIGHTS**

- This application seeks to redesignate the subject site to allow for rowhouses and townhouses, in addition to the building types already listed in the district (e.g. single detached, semi-detached, duplex dwellings and secondary suites).
- The proposal represents an appropriate density increase of a residential site, allows for development that is compatible with the character of the existing neighbourhood and is in keeping with the applicable policies of the *Municipal Development Plan* and the *North Hill Communities Local Area Plan*.
- What does this mean to Calgarians? The proposed Residential – Grade-Oriented Infill (R-CG) District would allow for greater housing choices within the community and more efficient use of existing infrastructure and nearby amenities.
- Why does this matter? The proposed R-CG District would allow for more housing options that may better accommodate the evolving needs of different age groups, lifestyles and demographics.
- A development permit has not been submitted at this time.
- There is no previous Council direction related to this proposal.

**DISCUSSION**

This land use amendment application in the northwest community of Capitol Hill was submitted by New Century Design Inc. on behalf of the landowner, David Yanko, on 2023 May 23. No development permit has been submitted at this time; however, as noted in the Applicant Submission (Attachment 2), their intent is to apply for a development permit for a four-unit rowhouse with potential secondary suites in the future.

The approximately 0.06 hectare (0.14 acre) site is located on the northeast corner of 18 Avenue NW and 15 Street NW. It is currently developed with a single detached dwelling and a detached garage, accessed from the rear lane. The site is approximately 900 metres (15-minute walk) north of the North Hill Shopping Center and approximately 1.2 kilometres (20-minute walk) northwest of the Southern Alberta Institute of Technology (SAIT).

**Land Use Amendment in Capitol Hill (Ward 7) at 1540 - 18 Avenue NW, LOC2023-0137**

---

A detailed planning evaluation of the application, including maps and site context, is provided in the Background and Planning Evaluation (Attachment 1).

**ENGAGEMENT AND COMMUNICATION**

- Outreach was undertaken by the Applicant
- Public/interested parties were informed by Administration

**Applicant-Led Outreach**

As part of the review of the proposed land use amendment application, the applicant was encouraged to use the [Applicant Outreach Toolkit](#) to assess which level of outreach with the public/interested parties and respective community association was appropriate. In response, the applicant provided letters to both the Capitol Hill Community Association and Ward 7 Councillor's Office and distributed approximately 75 postcards to surrounding neighbours. The Applicant Outreach Summary can be found in Attachment 3.

**City-Led Outreach**

In keeping with Administration's practices, this application was circulated to the public/interested parties, notice posted on-site and published [online](#). Notification letters were also sent to adjacent landowners.

Administration received 15 letters of opposition from the public. The letters of opposition included the following areas of concern:

- increased traffic and parking issues;
- lack of space for waste and recycling bins;
- lack of green canopy; and
- lack of privacy due to increased height.

No comments from the Capitol Hill Community Association were received. Administration contacted the Community Association to follow up and no response was received.

Administration considered the relevant planning issues specific to the application and has determined the proposal to be appropriate. The R-CG District is intended to be located adjacent to other low-density districts and accommodates a variety of low-density housing forms while being sensitive to adjacent development. The building and site design, number of units and on-site parking will be reviewed and determined at the development permit stage.

Following Calgary Planning Commission, notifications for a Public Hearing of Council will be posted on-site and mailed to adjacent landowners. In addition, Commission's recommendation and the date of the Public Hearing will be advertised.

**Land Use Amendment in Capitol Hill (Ward 7) at 1540 - 18 Avenue NW, LOC2023-0137**

---

**IMPLICATIONS**

**Social**

The proposed R-CG District would allow for a wider range of housing types than the existing land use district and may better accommodate the housing needs of different age groups, lifestyles, and demographics.

**Environmental**

This application does not include any actions that specifically address the objectives of the *Calgary Climate Strategy – Pathways to 2050*. The proposed redesignation does however provide small and incremental climate benefits by allowing more people to live near existing services and amenities and optimizing existing transit infrastructure. Further opportunities to align future development on this site with applicable climate strategies will be explored and encouraged at subsequent development approval stage.

**Economic**

The ability to develop up to four dwelling unites and secondary suites on this site would allow for a more efficient use of land, existing infrastructure and services, and provide more housing choices in the community.

**Service and Financial Implications**

No anticipated financial impact.

**RISK**

There are no known risks associated with this proposal.
