**DISCUSSION**

This land use amendment application in the northwest community of Tuxedo Park was submitted by SK2 Design Build on behalf of the landowner, Arkham Holdings LTD. on 2023 April 6.

The 0.05 hectare (0.12 acre) midblock site is located along Centre Street NW between 27 Avenue NW and 28 Avenue NW, within 150 metres of the future Green Line LRT station anticipated at the Centre Street NW and 28 Avenue NW location. The parcel immediately to the north is currently vacant but a land use amendment application (LOC2023-0172) with different property owner and applicant, also seeking the MU-2 District, has been submitted and is under review.

A development permit (DP2022-06898) for a four-storey mixed-use building with retail uses on the lower and ground level, offices on the second floor and three dwelling units on the upper floor was submitted on 2022 October 3 and is under review. A land use amendment is required to support this development proposal as the height and floor area ratio (FAR) proposed are beyond those allowable under the existing Commercial – Corridor 2 f1.0h10 (C-COR2 f1.0h10) District. As indicated in the Applicant Submission (Attachment 2), the intention is to build a mixed-use building with retail accessed from Centre Street NW, office uses on the upper floors and residential uses in the rear.

The application originally proposed the C-COR2 f2.0h14 District, but was updated through the review to the proposed MU-2f4.0h23 District, because it better aligns with the applicable policies and provides additional flexibility to the development of the site. The proposed MU-2 District requires commercial storefronts at-grade to create a street-oriented building. It also provides opportunities for a mix of commercial and residential uses in the same building.

A detailed planning evaluation of the application, including location maps and site context, is provided in the Background and Planning Evaluation (Attachment 1).

The Applicant Outreach Summary can be found in Attachment 3.

**City-Led Outreach**

No public comments were received at the time of writing this report.

The Tuxedo Park Community Association provided comments on 2023 August 31 (Attachment 4) and there was no indication of either support or opposition. However, they noted concerns around building height, materials and landscaping.
