DISCUSSION

This land use amendment application, in the southwest community of Altadore, was submitted by GGA – Architecture on behalf of the landowner, Rundle College Education Foundation on 2023 March 20. As noted in the Applicant Submission (Attachment 2), the intent of the application is to redevelop the site with a new private school to address limitations within their existing building.

The approximately 0.88-hectare site is a parcel which fronts directly onto 16 Street SW and is to the south of 42 Avenue SW. School – Private is a discretionary use within the R-C1 District, but only in a building used or previously used as a Community Recreation Facility or School Authority – School. Since the site is to be redeveloped with a new private school, which is not a listed use within the R-C1 District, a land use redesignation is required. Administration, in consultation with the applicant, recommended the S-CS District, as it lists private school as a discretionary use and includes a limited number of other institutional uses.
