Commissioner Tiedemann	Reasons for Approval <ul style="list-style-type: none">This application seeks to redesignate from a DC based on (R2-A) to R-1N. This application is largely administrative in nature and will simply serve to legalize an existing, non-conforming secondary suite. This is a very minor application that has no negative outside impacts in my mind. This was an easy application to support as it represents the legalization of an existing suite and the associated administrative clean up.
Commissioner Hawryluk	Reasons for Approval <ul style="list-style-type: none">This application would change the Land Use District to legalize a secondary suite. Given Council's past direction on legalizing secondary suites, this is straightforward.
