INTRODUCTION

This Corporate Affordable Housing Strategy has been drafted by the Corporate Affordable Housing Steering Committee, with input from the following City of Calgary **Business** Units:

- Community Strategies
- Corporate
 Properties
- Calgary Housing Company
- Planning & Transportation Policy

What do we want to achieve?

... An increased supply of safe and affordable housing

from Looking Ahead – Moving Forward: Council's Priorities 2002 - 2004 The pr ovision of a ffordable h ousing a nd s upports i s co mplex. It i s a responsibility shared by all levels of government, the private sector and the citizens of Calgary. By working in collaboration with senior governments, the private and non-profit sectors and with communities themselves, the C ity of Calgary can more effectively respond to the housing needs of its citizens.

Previously, The City of Calgary has r esponded to the need for affordable housing through a variety of policies and initiatives that evolved over time. The purpose of this Corporate Affordable Housing Strategy is to focus The City's future efforts in a consistent manner, to bo th c apitalize on i ts ow n unique strengths, and to support other stakeholders to capitalize on theirs. When this Strat egy is approved by Cou ncil, it w ill become a tool for community dialogue, as well as guiding future municipal activities in the field. Its implementation will be the responsibility of Council's Affordable Housing Team, the Corporate Affordable Housing Steering Committee, and a number of City Business Units, whose work plans are being modified to specifically include initiatives generated by this Strategy.

The Calgary Plan's¹ vision of the future includes a range of housing options that exist for all ages, income groups, family types and I ifestyles (section2-2.2.2). The Plan identifies the provision of affordable, appropriate housing options for all Calgarians as one of the four major residential development goals. It should be clarified though, that "affordable housing" for the purpose of thi s Strategy addr essest he needs of low and mo derate income households only (see Appendix 1). We also know that this vision cannot be The City's al one, but rather, sp eaks to a community-wide outcome where The City is one of many valuable partners.

The Corporate Affordable Housing Strategy is a v ehicle for achieving the affordable housing obj ectives of the C orporate Business PI an a nd the Calgary Plan (Municipal Development Plan) with the following **mission**:

The City of Calgary contributes strategically to the provision, support and facilitation of affordable, accessible and adequate housing options for Calgarians.

The Corporate Business Plan states that The City of Calgary will work toward: Addressing the supply of accessible, affordable and adequate housing.

¹ The Calgary Plan outlines a residential plan for the future which includes "A range of housing options that exist for all ages, income groups, family types and lifestyles: (Section 2-2.2.2). The Plan further identifies the provision of affordable, appropriate housing options for all Calgarians as one of the four major residential development goals.

This Strategy ...

- Summarizes the **need** for affordable housing in Calgary
- Considers the **current stakeholders** planning and delivering affordable housing in Calgary, and how The City relates to them
- Identifies The C ity of C algary's **eight roles** in h ousing, four of w hich have direct financial implications, and thr ee of w hich ar e **unique strengths** of The City

In addition, appendices to the Strategy ...

- Define "affordable housing"
- Summarize operating principles for how The C ity can su pport of her stakeholders and contribute directly to the provision of affordable housing in the community
- Summarize municipal **policy** to date influencing The City's involvement in affordable housing

A Workplan has also been prepared, and will be presented to Council along with this Strateg y. Both the Strategy and t he W orkplan will be upd ated biennially, in conjunction with a Biennial Housing Statement.

The City's involvement in affordable housing must be considered in relation to a dynamic **housing continuum**:

1	Emergency Shelter	Transitional Housing	Non-market or Social Rental	Formal & Informal Rental	Affordable Home Ownership
	Serves homeless people using mats/ rooms/ dorms, as well as meals, showers, drop- in facilities & support services.	Provides stable and supported housing for a period generally of 6 months – 2 years.	Requires ongoing subsidies to reduce shelter costs for very low-income households (also known as "subsidized" housing). The municipal non-profit Calgary Housing Company is Calgary's primary non-market housing provider.	Formal rentals include rental apartments and town-houses. The Canada Mortgage & Housing Corp. (CMHC) tracks 48,230 Calgary units. Informal rentals (units rented out by individual owners, secondary suites & lodging houses) are believed to number roughly 64,000 in Calgary.	Arrangements where people can purchase a home using no more than 32% of their gross income for housing. Examples can include traditional home ownership, equity coop housing, condominiums, mobile homes, rent-to-own and Habitat-for- Humanity housing

NEED AT A GLANCE

The City of C algary's involvement in affordable housing is driven largely by community need. The following points indicate the magnitude of need for housing in the continuum categories.

Emergency	Transitional	Non-market	Formal &	Affordable
Shelters	Housing	/Social	Informal	Home
The 2002 Homeless Count identified 1,737 individuals in shelters and on the streets, a 34% rise over 2000, when 1296 were counted In 2000, 11,000 different individuals used homeless shelters in Calgary; the shelters' collective capacity on any one night was 1000 Calgary currently has roughly 1400 emergency shelter beds	Calgary currently has roughly 970 units of transitional housing, a figure which the Calgary Homeless Foundation believes was adequate for their 2001 target.	Rental Calgary Housing Company (CHC) has a wait list of roughly 1800 applicants for its 7500 units of mixed market housing In 2001, 66% of CHC applicants were families and 50% were employed CHC does not provide crisis housing A challenge for CHC is assisting people to transition out, due to lack of affordable alternatives MCF Housing for Seniors operates roughly 1200 units with 662 seniors on wait list	Rental "Affordable" rent is 30% of gross income (max.);working 40 hrs/wk at Alberta's min. wage (\$5.90/h) affordable rent would be \$306/mo. In fact the avg. rent for a 2BR apt. in 2001 was \$784/mo. Since 1994, 10% of formal rental stock has been converted to condos. Avg. rent has increased 26% between 1995 and 2001 An est. 64,000 rental units in Calgary (57%) are "informal" i.e., basement / secondary suites, rented condos/ houses, etc.	ownership Avg. house sale prices in Calgary have climbed 70% from 1991 to 2001 Minimum household income of roughly \$45,000/yr is required for a "starter" single detatched house (\$143,000) Avg. sale price for a single- family home in 2001 was \$194,000 ("affordable" to households with income over \$60,000/yr

FACTORS INLUENCING NEED

The Canada-Alberta Affordable Housing Program . signed 2002 June 24, will contribute \$25,000 per door, to be matched. If maximized. this funding could result in 800 new units for Calgary

An additional municipal contribution of \$1.3 million annually for the next four years would, together with existing funding commitments represent the Municipal contribution.

Key factors that have increased the need for affordable housing in Calgary:

- Since 1993, the Provincial and Federal governments have substantially reduced the capital funding of new affordable housing.
- The market has been unable to deliver new rental stock.
- Existing formal rental stock has been demolished or converted to condos.
- A buoyant economy has bolstered in-migration causing a higher demand for rental housing.
- Alberta's minimum w age is the sec ond-lowest in C anada and Soci al Assistance rates have not increased since 1993; one in five Calgarians lives in poverty.
- Minimal new social housing has been built for people who cannot afford market rents.
- While c onstitutional re sponsibility to a ddress h ousing issu es re sts with the provinces, it has fallen to municipal governments to identify and fund the solutions.

Hope on the horizon:

The 2 001 m erger of the provincial and municipal soci al housing agencies (Calgary Housing Authority and Calhome Properties) created the municipally owned and o perated Calg ary Housing Company (CHC). CHC adm inisters social housing programs (non-seniors) in Calgary through the ownership or management of approximately 7500 housing units. Many of these units are operated on a "mixed income" model where some residents receive a rental subsidy w hile the r emainder pay a "low end o f mar ket" rent. This model avoids a concentration of low income housing and provides a r ange of affordable housing options in the community. The Province of Alberta works closely and collaboratively with The City of Calgary and its Calgary Housing Company.

The e stablishment of the CHC is o ne e xample of the larger emerging municipal role in social housing delivery. The Province will continue to be the primary funder of s ocial housing, b ut the C ity of C algary with the Calgary Housing Company, has a unique opportunity to determine and address local social housing ne eds thr ough I ocal solutions, allocating resources and assuming the lead role administering social housing in C algary. In a ddition the opportunity may exist to re-pro file some of the CHC's existing housing assets to create a model that more effectively responds to changing housing needs and is more financially sustainable.

Most recently, the C anada-Alberta Affordable Housing Program promises a modest injection of new monies for new affordable housing projects. The City has eligible projects ready to go, in keeping with this Strategy.

CALGARY STAKEHOLDERS IN PLANNING/DELIVERING AFFORDABLE HOUSING

Although this Strategy is designed to guide the City of Calgary in its efforts to ensure that Calgarians in need have affordable housing, it would be neither possible nor a ppropriate for the C ity to est ablish its direction in isolation, when there are so many other organizations involved in affordable housing. For example, The C ity is a pr imary developer and operator of housing but the money it spends comes in large part from senior governments with their own program objectives and stipulations for expenditure.

In addition there are many agencies and organizations involved in advocacy, research, fundraising, dev elopment a nd operation o f various types o f affordable and special needs housing. All of these bodies have their own objectives, strengths and challenges.

The Calgary stakeholders in planning for affordable housing are presented graphically as Appendix 2 to this Strategy.

The overall strategy for the creation of affordable housing in Calgary will be a sum of the efforts and resources from all these agencies and organizations, including The City. As The City must in large part react to initiatives taken by other bodies, it cannot develop an exclusive statement of its strategies and long term objectives except in v ery general terms. Affordable housing planning and provision is a collaborative process; The City relies on its partners and they rely on The City. The City will take leadership in some areas at some times, and may react, support and respond to the lead of other organizations in the s ame ar eas at other times. Flexibility and sensitivity to constantly changing conditions and inter-organizational dynamics, are necessary foundations of this plan.

The following section identifies The City's eight roles in affordable housing, to provide a framework for future City actions (both alone and in partnership) bearing in mind the nec essary f lexibility described a bove. Following approval of this internal Strategy, the intent is to enter into a dialogue with key stakeholders to inform a broader community plan.

EIGHT CITY OF CALGARY AFFORDABLE HOUSING ROLES

Guideposts for Calgary...2020 From time to time any Calgarian may be disadvantaged. Community success can be determined by the manner in which we provide one another with opportunities and incentives to improve the quality of life. (The Calgary Plan, 1998)

2001 Resources from other Governments:

- Family & Community Support Services-\$4M (25.4% from Millrate)
- Residential
 Rehabilitation
 Program- \$1.1M
- Infrastructure Canada Alberta Program -\$1.6M
- Private Landlord Rent Supplement-\$5M

Direct Funding & Dev't 2001: (City funds)

 Savings from cancelled subsidy commitment to Prov: \$927K

- Corp Prop Res. Units (20% of revenue): ~\$249K
- Borrow for 65 units at CFB West ~\$2.5M

2001 Strategic Partnerships:

- (City Funds)
 Metropolitan Calgary Foundation- \$1.6M
- Horizon Housing Society- \$.95 M

2001 Management and Operation of Non-Market Housing

 Calgary Housing Company ownes and manages \$500 M in assets The City of Calgary recognizes the importance of housing to the quality of life and health of its residents and the communities they live in. But with limited resources and jurisdiction the active participation of other levels of government in partnership with industry and community is essential.

Where should the City focus its efforts? How can various governments' roles be better integrated with those of the community and industry, to provide better service to citizens?

The following section of this Strategy identifies, defines, and describes eight areas where The City of Calgary participates in affordable housing. These Eight Affordable Hou sing Ro les (four in volving si gnificant financial/land re sources and the other four involving primarily staff resources) are carried out with varied emphasis. Three r oles u nique t o The C ity i nclude t he management and operation of non-market, non-seniors housing; administration of resources from senior governments; and planning and regulation.

By reviewing the resources affiliated with the eight roles outlined below, it is clear that The City's most significant *core business* in a ffordable housing, as defined by the magnitude of the assets at stake, is the *management and operation of non-market housing*. The ot her roles are also ess ential supports to the important work of other a ffordable housing stakeholders and other housing types on the affordable housing continuum.

EIGHT AFFORDABLE HOUSING ROLES:

MANAGEMENT & OPERATION OF NON-MARKET (SOCIAL) HOUSING

The City Calgary is the primary operator of non-market (social) housing

GOAL

• To be the primary provider (through the Calgary Housing Company, a subsidiary of The City of Calgary) of the non-market (social), non-seniors housing portfolio in the City of Calgary.

THE CITY OF CALGARY WILL:

- Continue to be the primary operator of non-seniors non-market housing and related programs through the Calgary Housing Company;
- Maintain or increase the ratio of subsidized housing to market housing as the city grows;
- Review current City initiatives supporting subsidized housing and explore new funding sources for this housing; and
- Support non-profit organizations in the development and operation of social housing programs that are complementary to and beyond the primary affordable housing roles of The City of Calgary.

RELEVANT OPERATING PRINCIPLE:

Where possible, non market or social housing shall be provided on a **mixed income basis** where some residents receive a rental subsidy while the remainder pay a "low end" of market rent.

2

ADMINISTRATION OF RESOURCES FROM OTHER

GOVERNMENTS

The City of Calgary is an effective administrator of senior government housing programs

GOAL

 To effectively coordinate and administer Federal and Provincial housing programs and support services as requested by senior governments that relate in part to the provision of affordable housing.

THE CITY OF CALGARY WILL:

- Continue to administer programs provided by senior government levels; and,
- Support senior government initiatives that enable municipalities to better provide for affordable housing activities such as: providing grants and other financial incentives, tax benefits or reductions, and enabling legislative changes to empower municipalities.

RELEVANT OPERATING PRINCIPLE:

City financial resources should **leverage other resources** (public/ private/ non-profit partnerships & joint ventures).

The Corporate

Reserve was

development initiatives that

the supply of

affordable rental housing and

Housing Capital

established to support

enhance or increase

social/special needs housing. FB99-62

DIRECT FUNDING AND DEVELOPMENT

The City of Calgary is a limited resource provider for affordable housing

GOAL

 To strategically contribute municipal resources to the development of new affordable housing projects, leveraging other contributions

THE CITY OF CALGARY WILL:

 Contribute financial resources, preferably in the form of land, to capital projects undertaken primarily by The City and secondarily by the community.

RELEVANT OPERATING PRINCIPLES:

The City will **contribute financial assistance for capital projects**, **preferably in the form of land**, the value of which is charged against Program 485, the Capital Housing Reserve.

Council's Affordable Housing Team will establish priorities for the allocation of City financial and staff resources and will be guided by the results of a **biennial housing needs assessment** undertaken by the City in consultation with other affordable housing stakeholders.

The Team will determine the **ratio of funds** to be used for City core business projects in relation to funds allocated through a community based process.

Where possible, affordable housing should be provided in a **mixed market/non-market** environment.

Current practice for non-profit access to subsidy for offsetting operating deficits are as follows:

- 1. No land is given away
- Corporate Properties sells land or leases at market value
- 3. Cost of land is accounted for in the Corporate Housing Capital Reserve
- 4. Any social benefits etc. are funded by the Corporate Housing Capital Reserve;
- 5. Full and regular disclosure of revenues and expenditures in the appropriate program budgets LA2001-115

4

STRATEGIC PARTNERSHIPS

The City of Calgary is a partner with the public, the private and the not-for-profit sectors to encourage the provision of affordable housing

Principles for Partnerships/Joint Ventures in Affordable Housing

- shared equity arrangement with a public, private or non-profit entity to construct and operate the project;
- civic assets to leverage other resources including land, buildings, long-term leases or financial support;
- City owned sites identified and set aside for future proposals for affordable housing. Land and/or improvements may be donated at no charge, or provided at less than market value;
- rents at low end market or subsidized rates and should also address social supports necessary to create and maintain affordable and special needs housing;
- City's risk minimized.
 (CPS99-39)

GOALS

- To pursue partnerships with the public, private and community sectors to facilitate the provision of affordable housing;
- To partner in land development for housing projects; and,
- To establish links with special groups working towards housing solutions.

THE CITY OF CALGARY WILL:

- Contribute civic assets, generally in the form of leased land, to leverage other resources, in accord with The City's policy on Principles for Partnership/Joint Ventures in Affordable Housing (CPS99-39) and Affordable Housing Initiatives (CPS2000-47) (see Appendix 4);
- Identify municipal lands appropriate for future development of affordable housing, which could be leased in strategic partnership; and
 Cultivate partnerships with all relevant stakeholders
- Cultivate partnerships with all relevant stakeholders.

RELEVANT OPERATING PRINCIPLES:

City financial resources should **leverage other resources** (public/private/non-profit partnerships & joint ventures).

The City will **administer financial assistance for capital projects**, **preferably in the form of land**, whose value is charged against Program 485, the Capital Housing Reserve.

Although The City will cultivate partnerships with all relevant stakeholders, it will **assign staff or request aldermanic involvement in other organizations' Boards only when** The City has contributed significant resources to the organization, when frequent liaison is important for accomplishing The City's identified housing priority area, or when requested by another level of government.

PLANNING AND REGULATION

The City of Calgary is a regulator and enforcer of development and building standards

GOALS

- To encourage competition and choice in the housing marketplace;
- To support and provide implementation tools for affordable housing initiatives;
- To facilitate research and experimentation to reduce housing costs through innovation in housing types and construction methods;
- To explore ways to expedite the development process for affordable housing projects; and
- To actively pursue changes to statutory regulations and the building code to facilitate affordable housing.

THE CITY OF CALGARY WILL:

- Develop regulatory incentives to encourage the private sector to provide and protect lower cost housing;
- Encourage the development of new rental housing and the protection and enhancement of existing rental housing stock;
- Support actions to encourage competition and choice in the housing marketplace by implementing the policies of the Calgary Plan;
- Enforce building and fire safety standards to regulate older, multiple unit rental housing and the demolition of that housing if required; and
- Where appropriate on a site specific basis facilitate the provision and retention of affordable housing by supporting changes to land and building development standards and land use by-law regulations.

RELEVANT OPERATING PRINCIPLES:

City Council will be requested **to reduce / waive / relax development fees and standards,** subject to Affordable Housing Team recommendation, where doing so clearly enhances the viability and affordability of the project.

COMMUNITY DEVELOPMENT AND EDUCATION The City of Calgary is an educator and builder of community capacity

GOAL

 To increase community and stakeholder awareness and capacity to support affordable housing initiatives. (e.g. build awareness in the private sector of their role)

THE CITY OF CALGARY WILL:

- Work with community agencies and support providers to reduce local opposition to affordable housing initiatives through an education and participation approach.
- Communicate the role of affordable housing in terms of a determinant of health, well-being and stability of individuals, families and communities.

RELEVANT OPERATING PRINCIPLE:

• The City of Calgary will **support the increase of expertise within communities** to develop and implement local solutions to local housing issues.

RESEARCH

The City of Calgary is a collector and disseminator of affordable housing research

GOALS

- To collect, analyse, evaluate and initiate research to support Corporate housing initiatives.
- To disseminate research, to facilitate the research of others, and to develop a common understanding of housing needs in Calgary.

THE CITY OF CALGARY WILL:

- Develop a Biennial Housing Needs Assessment,
- Work with government and community partners to develop a base of information and expertise about affordable housing to share with interested parties and the public, to facilitate assessment and understanding of the need for affordable housing and support programs;
- Establish common protocols for the collection, measuring and reporting of housing data;
- Encourage research and experimentation to reduce housing costs through innovation in housing types and construction methods;
- Monitor the outcomes of housing and social programs, particularly those receiving City support as they relate to the provision of affordable housing in Calgary; and
- Continue to provide municipal resources to support community partners with the collection and dissemination of housing information, as budget permits.

ADVOCACY

The City of Calgary is an Affordable Housing Advocate

GOAL

 To encourage changes in policy by the senior levels of government to foster the development and funding of affordable housing and adequate support services.

THE CITY OF CALGARY WILL:

- Advocate for the provision of capital and operations funding from senior government levels for affordable housing;
- Support initiatives to encourage the provision of support services and appropriate employment opportunities to help reduce the need for affordable housing e.g. SFI Review, Child Welfare Report; and,
- Continue to support established federal and provincial advocacy groups representing municipal interests e.g. Alberta Urban Municipalities Association, Federation of Canadian Municipalities, Canadian Housing and Renewal Association.

CONCLUSION

The City of Calgary is a significant stakeholder in affordable housing, along with senior levels of government, the private and the non-profit sector. The purpose of this Corporate Affordable Housing Strategy is to identify The City's areas of unique strength, so that it can focus its own future efforts as well as supporting other stakeholders to focus on theirs.

Eight roles define The City's involvement in affordable housing:

- The management and operation of non-market (social) housing
- The administration of resources from other levels of government
- Direct funding and development
- Strategic partnerships
- Planning and regulation
- Community development and education
- Research
- Advocacy

The management and operation of non-market (social) housing is The City's core business in relation to affordable housing.

This Strategy will inform future decisions about The City's involvement in affordable housing (through the goals and operating principles), and will act as a tool for dialogue about how The City's roles complement those of other stakeholders.

Bringing the Strategy to life will require completion of regular biennial housing statements in consultation with the community, which in turn will provide a tool for Council's Affordable Housing Team to monitor the plan's relevance. As Calgary's housing-related needs shift over time, the Strategy will need to be adjusted as well.

APPENDIX 1 WHAT IS AFFORDABLE HOUSING?

Affordable housing adeq uately suits the n eeds of I ow and mo derate income households at costs below those generally found in the Calgary market. It may take a number of forms that exist along a continuum, from emergency shelters, to transitional housing, to non-market rental (also known as social or subsidized housing), to formal and informal rental, and ending with affordable home-ownership.

Affordable Housing projects are targeted to households with 65% or less of the area Median Income. In the City of Calgary, Affordable Housing initiatives would be tar geted to those with a n i ncome below \$30,000 (based upon \$45, 879 median income using 1996 Statistics Canada). For housing to be affordable, the Canada Mortgage and Housing Corporation has defined that a household should not spend more than 30% of it gross income on shelter costs. Highest priority for affordable housing are "core need households" that spend more then 50% of their income on shelter costs.

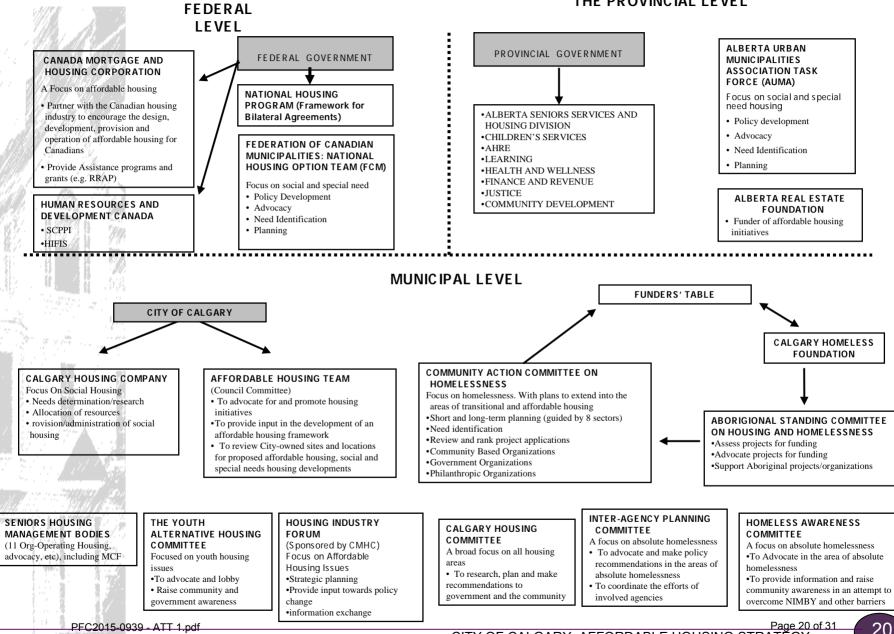

Using this example, an affordable housing project would tar get households with a gross annual income below \$30,000 with rents at a maximum of \$750/month (30% of gross income).

APPENDIX 3: OPERATING PRINCIPLES

This is a summary of the principles linked to each of The C ity of C algary's Eight Housing Roles. These operating principles should be used to prioritize initiatives and r espond t o future ad-hoc pr oject r equests. C ouncil retains discretion regarding the implementation of these principles.

- 1. The Cit y's core business and first priority is to build/operate non-market housing.
- City f inancial r esources should leverage other resources thr ough public/private/non-profit par tnerships & joint v entures for City and community initiated projects.
- 3. The City will administer financial assistance for capital projects, preferably in the form of land, the value of which is charged against Program 489, the Capital Housing Reserve. The value of the land will be determined at the discretion of the Affordable Housing Team as per t he Terms of Re ference of the Co rporate Housing Capital Reserve (FB99-62 and its amendment).
- 4. Council's Affordable Housing Team will establish priorities for the use of City financial and staff resources, including a decision about the ratio of funds to be used for Cit y co re business pr ojects in r elation t o f unds allocated t hrough a community pr ocess (eg., The Calg ary Ho meless Foundation Funders' T able), based upon the results of a biennial housing needs assessment undertaken by the City in consultation with other affordable housing stakeholders.
- 5. Although The City will cultivate partnerships with all relevant stakeholders, it will assign staff or request aldermanic involvement in other organizations' Boards only when The Cit y has con tributed si gnificant resources to the organization, when frequent liaison is im portant for accomplishing The Cit y's identified housing pr iority ar ea, or when requested by anot her level of government.
- 6. Council of The Cit y of Cal gary will be r equested to **reduce / waive / relax development fees and standards**, subj ect t o Affordable Housing T eam recommendation, where it clear ly enhances the viability and affordability of the project.
- 7. Wherever possible affordable housing shall be provided on a "mixed income" basis where some residents receive a r ental subsidy while the remainder pay a "low end" o f m arket r ent. This kind o f a ffordable housing c reates healthy communities, r educes t he concen tration o f low incom e households and contributes to a ffordable housing opportunities for bot h non-market and m arket renters.

8. The City of Calgary will **support the increase of expertise within communities** to develop and implement local solution to local housing issues.

APPENDIX 4 CITY OF CALGARY AFFORDABLE HOUSING POLICY REVIEW

As the Corporate Affordable housing Strategy goes forward for approval it builds on an existing foundation of key strategic plans and policies adopted by Council and which have guided the City of Calgary's role in affordable housing initiatives.

BACKGROUND

An investigation of City policies regarding affordable and special needs housing initiatives, as directed by Land Committee in 2001 May LA2001-115, revealed a need for Corporate policies to respond more effectively to the changing social and affordable housing environment resulting from:

- 1) The merger between the Provincial Calgary Housing Authority and the Municipal Calhomes Properties Limited to create the Calgary Housing Company. The C ity now ow ns and manages 7, 500 u nits of mixed market ho using w ith an ass et base o f ~\$500M. This merger has resulted in the City of Calgary playing the lead role in the management and operation of non-market (social) ho using, th us providing the C ity with an opportunity to plan strategically for the development of new non-market ho using i nitiatives. Necessarily, non-market housing forms the core business of municipal housing initiates;
- 2) The announcement of the F ederal-Provincial Bi lateral Fr amework on Housing and an anticipated \$20M in federal funds being allocated to Calgary affordable housing initiatives. The details of the program and the Provincial contribution has yet to be identified;
- A r ealignment of community stakehol ders' focus t oward a ffordable housing and their request for clarity from The City regarding its policies, roles and funding commitments of affordable housing initiatives.

In 2002 January a request from the Affordable Housing Team of Council to Administration for the development of a C orporate Affordable Housing Strategy to g uide t he C ity's housi ng i nitiatives. T his r equest further precipitated a review of existing policies.

AFFORDABLE HOUSING POLICY REVIEW

A review of these existing plans and policies is as follows:

Summary of Key Strategic Plans

Bylaw 10P98, THE CALGARY PLAN, 1998 July 20

The Calgary Plan, as per the terms of the Municipal Government Act, fulfils the requirements of a Municipal Development Plan by identifying long term planning goals for The City. In so doing, The Calgary Plan identifies the provision of affordable, appropriate housing options for Calgarians as one of four major residential development goals of The City of Calgary in terms of acc ess to ho using, dev elopment related costs an d residential intensification and innovation.

The Calgary Transportation Plan (The Go Plan) 1995 & The Sustainable Suburbs Study 1995 – Both documents encourage a range and diversity of housing options and a minimum density all communities must achieve.

Land Use Bylaw 2P80

As required by the Municipal Government Act, Part 17.

Summary of Key Housing Policies

CSP97-38 Metropolitan Calgary Foundation - As set out by Ministerial Order, in accordance with the management body regulation of the Alberta Housing Act, M etropolitan C algary Found ation (MCF), in their five year business plan, h as exercised their requisitioning authority and requested an an nual con tribution of \$1 .6 million from The City of Ca Igary. It is understood in their business plan that they will move toward a model of self -sufficiency wherein no fur ther funding from The City will be requested. (Subsequent requisitions have been made by MCF and hon ored by the City under the terms of requisition).

CPS98-39 Corporate Strategies to Support the Provision of Low Income Rental Housing - To develop long term strategies for affordable rental and special needs accommodation. To d evelop municipal policies and i ncentives to sup port the pr ovision of I ow income rental accommodation. To examine opportunities that might be available through the land use planning and regulatory system to develop a wider range of private and public sector affordable housing.

CPS98-73 Status Report on Actions to Address the Housing Crisis - In 1998 The C ity committed to developing a c orporate r esponse to the Community Action PI an. I n so doing, C ouncil formed th e C orporate Steering Committee to oversee three project teams within a four pronged strategy to examine hou sing supply, the development of an um brella

system, sup port of t he a boriginal community and a community awareness/public education plan.

CP99-39 Status Report on the Response to Affordable Housing - This report identified the need to examine a broad range of affordable housing issues in addition to the needs of the homeless. This report directed that Administration bring forward to C ouncil, thr ough the C algary PI anning Commission, a report on opportunities that might be available through the land use planning and regulatory system, to develop a wider range of private and public sector affordable housing.

FB99-62 Terms of Reference for the Corporate Housing Capital Reserve - Established to encourage and support development of initiatives that enhance or increase the supply of affordable rental and social/special needs housing. The Reserve supports the development of affordable and social/special needs housing infrastructure as a specific initiative and not from s urpluses/shortfalls w ithin other programs. The Reserve will be funded in a number of ways including thr ough the budg eted savings resulting from the cancellation of the municipal subsidy agreement with the Province.

CPS2000-47 Status Report on Homelessness and Affordable Housing Initiatives

Attachment 1: Principles for Partnerships/Joint Ventures in Affordable Housing (CPS99-29)

In the pursuit of public/private/non-profit partnerships/joint ventures in the development of affordable and special n eeds h ousing a r ange o f development alternatives may be considered including:

- Establishing a shared equity arrangement with a public, private or non-profit entity to construct and operate the project;
- Contributing civic assets to leverage other resources in cluding land, buildings, long-term leases or financial support;
- A number of City owned sites within The City's inventory will be identified a nd s et aside for f uture pr oposals f or a ffordable housing;
- Land and/or improvements may be d onated at no c harge, or provided at less than market value;
- Projects should be able to offer r ents at I ow end m arket or subsidized r ates an d sh ould also address soci al supports necessary to create and maintain affordable and special needs housing;
- The City's risk will be minimized;

• Attachment 2: Terms of Reference Affordable Housing Team of Council

Terms of Reference for the Affordable Housing Team of Council is:

- To adv ocate for The C ity's i nterests in the intergovernmental arena;
- To assu me a l eadership r ole both a t C ouncil and in the community;
- To advocate and support the development of innovative public private partnerships and joint ventures with the Administration;
- provide g uidance r egarding the development o f a ffordable housing policy framework and strategies; and
- To review potential City owned sites and locations for proposed developments of affordable, social and special needs housing.

LA2000-206 CHPL Management of the Corporate Properties

Residential Portfolio - Identifies that 20% of the net eligible revenue be transferred annually to the Corporate Housing Capital Reserve.

CHC2001-03 Calgary Housing Company Macro Organizational Structure – In 2001 January 22 C ouncil a pproved two m ajor proposals concerning the delivery of social housing in Calgary;

- 1) The development of a new model for the delivery of social housing in Calgary and
- 2) The consolidation of C alhome Pr operties Li mited and the Calgary Housing Authority.

The amalgamation of the two social housing operating agencies is only an extension of the much larger role of planning and determining the needs for social housing in Calgary.

CHC2001-43 Interim Social Housing Agreement – In 2001 November 23 Council ap proved the interim O perating ag reement with the Province of Alberta for the management and operation of the Social Housing Portfolio in Calgary. Attachment 1 of CHC2001-43 includes the Ministerial Order.

CPS2001-58 Tabled/Referred List – Status Update – 2001 September Council passed a motion that the Affordable Housing Team prepare an "annual" item to the SPC on Community and Protective Services.

LA2001-115 Policy for Disposing of Interest in Land for non-profit Organizations – The Capital Housing Reserve was identified as a way to contribute to affordable or soci al h ousing by o ffsetting a not- for-profit organizations operating deficit caused by having to pay market rates for the purchase or lease of land. A clear and transparent corporate housing policy was r equested d ue t o th e c hanging soci al a nd a ffordable housing environment.
