## Introduction

A user fee is a fee for service charged directly to those using the service. User fees offset the cost of a service that otherwise would be funded through general taxation. All proposed user fees are set in accordance with the *User Fees and Subsidies Policy* (CFO010), which considers the full costs of providing the good or service, market demand and the extent of public versus individual benefit derived.

The annual adjustments process allows for changes and updates to fees and rates. The Council approval process for user fees involves the following steps:

**STEP 1: Council approval of target long-term tax support rates** (*completed 2018 May*)

This is the percentage of each service's full costs that are expected to be recovered through user fees. The long-term tax support rates approved by Council in report C2018-0586 on 2018 May 16 were used for setting user fees and rates for 2023-2026.

**STEP 2: Council approval of detailed fees for 2023-2026** (*completed 2022 November*)

Council approved the specific rates and fees for each service for their four-year services plans and budgets, either through a bylaw or a resolution of Council.

**STEP 3: Council approval of adjustments to fees for 2024-2026 – THIS ATTACHMENT**

Where fees are proposed to change from those approved in the 2023-2026 Service Plans and Budgets, they are reflected in this attachment. This includes both:

- adjustments to user fees that will be approved by resolution; and
- the bylaws to be approved to adjust the remaining rates and fees.

A comprehensive review of the *User Fees and Subsidies Policy* is currently underway, and a new policy will be presented for Council approval in early 2024. It is anticipated that the new policy will begin to be implemented through the Mid-Cycle Adjustments in 2024 November.

## Summary

Most user fees are not changing. Table 1 shows fees increasing from the approved 2023-2026 plan. Table 2 summarizes fees decreasing from the approved 2023-2026 plan. Table 3 summarizes new fees and fee structures. Table 4 summarizes user fee adjustments resulting from proposed new investments. Table 5 outlines clerical updates to Council-approved fee schedules that do not change any approved fees. Table 6 is presented for information, and summarizes planned fee changes for 2024 that do not require Council approval through this process.

**Table 1: Fees increasing from approved 2023-2026 plan**

Service	Reason for Adjustment	Fee Adjustment for 2024-2026
<p><b>Streets:</b></p> <p><b>Excavation Application Fee</b></p>	<p>An increased application fee will help recover the cost of increasing staffing levels to ensure roadway infrastructure is maintained for our growing, dynamic city. These positions contribute largely to administering and managing the excavation application process and site inspections resulting from paving and concrete operations.</p> <p>The application fee also covers degradation and shortened life span of infrastructure due to excavation activities. With the plan to maintain excavation application staffing levels in 2025 and 2026, the average annual increase of the fee is 10% from 2024 to 2026.</p>	<p>2024: From \$63.51 to \$75</p> <p>2025: From \$68.59 to \$75</p> <p>2026: From \$74.08 to \$75</p>
<p><b>Fire Inspection and Enforcement:</b></p> <p><b>Short Term Rental - Fire Code Inspections</b></p>	<p>Fees for 2024-2026 Fire Code Inspections of Tier 2 Short Term Rentals were not included in the 2023-2026 approvals.</p> <p>In June 2023, Council approved bylaw 29M2023 as part of “Improving Short Term Rental Community Impact and Safety” (EC2023-0354). This added the requirement of a Fire Inspection for Tier 1 Short Term Rentals as of 2024 January 01.</p> <p>This adjustment sets the Fire Code Inspection fees for Tier 1 and Tier 2 Short Term Rentals in line with the inspection fees for other business licences.</p>	<p>For Short Term Rentals (both Tier 1 and Tier 2) the Fire Code Inspection fee associated with a new or renewal business licence will be:</p> <p>2024 - \$110</p> <p>2025 - \$114</p> <p>2026 - \$117</p>
<p><b>Public Transit:</b></p> <p><b>Transit fares</b></p>	<p>One-time funding for the Weekend Group Day Pass is available until December 31, 2023. Data from summer/fall 2023 will be evaluated to determine whether this Pass will be offered in the future.</p>	<p>Fare for the Weekend Group Day Pass was not previously approved for 2024, and is now proposed at \$16.</p>

**Table 2: Fees decreasing from approved 2023-2026 plan**

Service	Reason for Adjustment	Fee Adjustment for 2024-2026
<p><b>Business Licensing:</b></p> <p><b>Outdoor Patio Fee</b></p> <p><b>Development Approvals:</b></p> <p><b>Outdoor Café Fee</b></p>	<p>In 2020 May, Council decided to waive outdoor café fees to support businesses dealing with pandemic-related public safety measures. This fee waiver has remained in effect since its implementation.</p> <p>Business Licensing and Development Approvals propose to continue to waive outdoor café fees until 2024 December 31. The continuation of the fee waiver supports the economic recovery of local businesses through a multitude of advantages:</p> <ul style="list-style-type: none"> <li>• Cost reduction</li> <li>• Expansion of seating capacity</li> <li>• Attracting additional customers</li> <li>• Social distancing</li> <li>• Improved customer experience</li> </ul> <p>The City also benefits from the waiver through potential new investments in outdoor spaces and the creation of public goodwill, solidifying The City's strong support for the restaurant business community.</p>	<p>Business License fee for outdoor patio. Fee waiver is for 2024 (only).</p> <p>Outdoor Café fee waiver for 2024 (only).</p>
<p><b>Building Safety:</b></p> <p><b>Planning documents and records fees</b></p>	<p>A simplified fee schedule for planning documents and records reflects a move towards having services available for the public online at no cost.</p> <p>The customer experience will be greatly enhanced as the information is available instantly.</p> <p>Reduction of staff time will also occur, as staff will not need to produce these reports.</p> <p>The fee schedule simplification is being proposed for the <i>2024 Planning Documents and Records Fee Schedule</i> going forward in perpetuity as Planning and Development continue to shift to a new and improved digitized reporting environment.</p>	<p>As a result of making more property information and reports available online at no charge, the <i>Planning Documents and Records Fee Schedule</i> removes four subscription list fees, two property research fees, four copying fees, and four policy report printing fees going forward in perpetuity.</p>

<p><b>Building Safety:</b></p> <p><b>Removal of re-inspection fee</b></p>	<p>The original intention behind the reinspection fee was to influence contractor performance by reducing the number of failed inspections. The removal of the fee results in a loss of revenue, but the benefits in the staff time freed by ending the labour-intensive collection process is well worth it.</p>	<p>The removal of re-inspection fees is effective January 1, 2024 on the 2024 <i>Building and Trade Permit Fee Schedule</i> going forward in perpetuity.</p>
<p><b>Parking:</b></p> <p><b>Reduction of Residential Parking Permit Program fees</b></p>	<p>Policy changes and program updates have reduced the size and cost of the residential parking permit program over the past year. With these savings a lower level of fee support is required to provide this service to customers.</p>	<p>Reduction in fees for residential parking permits (residential permits, visitor permits and select permits) of approximately 40% based on type and location of permit.</p>
<p><b>Parking:</b></p> <p><b>Reduction of Residential Parking Permit Program fees</b></p>	<p>Purchases of this product have been lower than anticipated, as changes to the residential parking permit program were delayed. This combined with lower priced competing services (residential permits and off-street parking) supports a fee reduction.</p>	<p>Reduction in fees for market parking permits of approximately 30% based on location of permit. A reduction has also been applied to Fair Entry products.</p>

**Table 3: New fees and fee structures**

Service	Reason for Adjustment	Fee Adjustment for 2023-2026
<p><b>Development Approvals:</b></p> <p><b>Standard Growth Application Fee and Growth Application Resubmission Fee</b></p>	<p>On October 17, 2023 Council approved a new fee on the Land Use Amendment Fee Schedule for standard growth applications and growth application resubmissions as a part of its consideration of <a href="#">Citywide Growth Strategy: Growth Applications Fee Adjustment IP2023-0924</a>.</p> <p>This new fee is in line with the Development Application Review Team model and will allow for greater opportunity to collaborate from the pre-application process to the finalization of Administration’s recommendations for the Infrastructure Planning Committee and Council.</p>	<p>New fee has been in effect since 2023 August 1 in the <i>Land Use Amendment Fee Schedule</i>.</p> <p>Standard Growth Application Fee \$3,264 + \$1,836/hectare to a maximum of \$32,640.</p> <p>Growth Application Resubmission fee \$864 + \$486/hectare to a maximum of \$8,640.</p>
<p><b>Building Safety:</b></p> <p><b>Addition of Interior Demolition Fee</b></p>	<p>To enable interior demolition partial permits on commercial and multi-family alterations, a new fee is being included. The addition of the new fee is based on \$10.14/\$1000 of construction value, which is the same as commercial and multi-family alterations. The fee change would allow partial permits to be charged by construction value rather than overall building area.</p>	<p>The fee addition for interior demolition fees is effective January 1, 2024 on the <i>2024 Building and Trade Permit Fee Schedule</i> going forward in perpetuity.</p>

**Table 4: User fee adjustments resulting from proposed new investments**

Service	Reason for Adjustment	Fee Adjustment for 2024-2026
<b>Public Transit:</b>  <b>Transit fares</b>	If Council approves investment option #24 in Attachment 6, this would permanently fund free transit for children 12 and under by providing \$3M in base operating budget to the Public Transit service.	Removal of the previously-approved fares for children 6-12 from the approved user fees.
<b>Public Transit:</b>  <b>Transit fares</b>	If Council approves investment option #18 in Attachment 6, this would extend the one-time funding approved for 2023 into the base operating budget and permanently fund the revenue gap to keep 2024 fares below the planned increase. This eliminates the two-step increase that otherwise would have occurred.	2024 fares increase 3% from 2023 but decrease from the originally-approved 2024 fares.  2025 and 2026 fares are also lower than previously approved.

**Table 5: Clerical updates that do not change any approved fees**

Service	Reason for Adjustment	Fee Adjustment for 2024-2026
<b>Development Approvals:</b>  <b>Outline Plan note addition</b>	A note update under the base fee for Outline Plans was required on the Subdivision Fee Schedule. The note states 'total area (round total up to the next whole hectare).' This note change is being proposed for the 2024 Subdivision Fee Schedule going forward in perpetuity.  This rounding has been custom and practice for years and the new note makes this transparent to customers.	No changes to fees, but addition of a note under Outline Plan on the 2024 Subdivision Fee Schedule going forward in perpetuity.

**Table 6: Fee changes for information, not requiring approval**

Service	Reason for Adjustment	Fee Adjustment for 2024-2026
<p><b>Recreation Opportunities:</b></p> <p><b>Golf admission</b></p>	<p>Golf green fee rate adjustments support achieving 100% cost recovery resulting in zero tax support.</p> <p>Adjustments to Golf green fees consider inflationary pressures, demand and market rates at comparable golf courses.</p> <p>Projected incremental revenue: \$70,000</p> <p>Golf also supports subsidized golf opportunities for families, youth and economically challenged individuals through special rate initiatives including Recreation's Fee Assistance program.</p> <p><i>GST is included in all green fee prices</i></p>	<p>2024 green fee rates increase on average by 1 per cent or less than \$1.00 increase per rate on average.</p> <p>Specific fee adjustments vary by location and rate category ranging from 1% – 4% (i.e., \$0.25 - \$2.00).</p> <p>13 of 40 core rates were increased for 2024. Leaving 70% of 2024 rates unchanged from 2023.</p>
<p><b>City Cemeteries</b></p>	<p>Prices increased to respond to market conditions and inflation. Most products and services have been adjusted by an additional three per cent.</p> <p>Select products and services received a five per cent increase as a market and comparable service adjustment, ensuring reasonable cost for service delivery.</p> <p>Maximum and minimum price ranges have been adjusted as a result of availability of specific products, inflationary influences and market adjustment.</p>	<p>Most products and services increasing by three per cent for 2024, with select products and services increasing by five per cent.</p>
<p><b>Public Transit:</b></p> <p><b>Transit Fares</b></p>	<p>The Airport Boarding Pass was discontinued through the Transit Fare Innovations report (IP2023-0369) on 2023 June 06 and replaced with regular fares.</p>	<p>Removal of the Airport Boarding Pass from the approved fares.</p>

	<p>The current U Pass agreement has been extended to the end of the 2023-2024 school year (i.e., until summer 2024). This extension aligns with Council direction to freeze transit fares in 2023 and provides additional time to review and analyze input received from postsecondary institutions that will help to inform the future of the U Pass program.</p>	<p>U Pass fees decreased \$5 from previously planned fares for 2024.</p>
