

The Calgary Public Library Board
Financial Statements
For the Year Ended December 31, 2014

From its humble beginnings in 1912, today's Calgary Public Library has grown to include 18 community libraries and is Canada's second busiest library system. The Calgary Public Library is our city's learning hub and an engine for economic vitality and workforce development. Great libraries build an engaged citizenry; engaged citizens create incredible, caring, world-class cities. Creating the best public library in the world for Calgarians is about ensuring that all Calgarians have access to the knowledge they need to do incredible, caring, world-class things here in Calgary and around the world.

A cornerstone for the future of the Calgary Public Library is the New Central Library. Providing approximately 240,000 sq. ft. of usable space, the New Central Library will be a multi-faceted family destination and gathering place with a physical collection of approximately 600,000 books and specially designed space for program and technology. Construction is underway in Calgary's East Village with the opening slated for 2018.

The New Central Library, like every single one of our community libraries, will be a place where everyone belongs and everyone is welcome.

INDEPENDENT AUDITOR'S REPORT

To the Members of The Calgary Public Library Board

We have audited the accompanying financial statements of The Calgary Public Library Board, which comprise the statement of financial position as at December 31, 2014, and the statements of operations, and accumulated surplus, cash flows and changes in net financial assets for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of The Calgary Public Library Board as at December 31, 2014, and the results of its operations, cash flows and changes in net financial assets for the year then ended in accordance with Canadian public sector accounting standards.

Notes to Financial Statements For the Year Ended December 31, 2014

The Calgary Public Library Board (the "Library") is constituted under the Libraries Act of the Province of Alberta. It operates a system of seventeen community libraries and the Central Library in The City of Calgary.

1. SIGNIFICANT ACCOUNTING POLICIES

These financial statements are prepared by management in accordance with Canadian Public Sector Accounting Standards ("PSAS") as recommended by the Public Sector Accounting Board ("PSAB") of the Chartered Professional Accountants of Canada ("CPA Canada"). The Library's significant accounting policies are:

Basis of Accounting

- i) The financial statements are prepared using the accrual basis of accounting.
- ii) Revenues are accounted for in the period in which the transactions or events occurred that gave rise to the revenues are reliably measured and reasonably estimated.
- iii) Insurance proceeds are recognized when received (Note 13).
- iv) Government transfers, contributions, and other amounts are received from third parties pursuant to legislation, regulation or agreement and may only be used for certain programs, in the completion of specific work, or for the purchase of tangible capital assets. These funds are accounted for as deferred revenue until used for the purpose specified. Revenue is recognized in the period when the related expenses are incurred and any eligibility criteria have been met and reasonable estimate of the amounts can be made.
- v) Expenses are recognized in the period the goods and services are acquired and a liability is incurred or transfers are due.

Reconciliation of Financial Plan (Budget) to Financial Statements

The legislative requirements under the Municipal Government Act for the Financial Plan (Budget) are that revenues for the period must equal expenditures. The Calgary Public Library Board has followed and will continue to follow this requirement. Cash inflows and outflows include such items as: debt proceeds, transfers to and from reserves and surplus, debt principal repayment, and sale proceeds. These items are not recognized as revenues and expenses in the Statement of Operations as they do not meet the PSAS requirements. The legislation does not require (but does not preclude) the funding of non-cash items such as amortization or liability accruals to provide for future cash requirements, thus, there is no legislative requirement to include these items in the Financial Plan. However, these items are recognized as expenses in the Statement of Operations. Thus, the financial items included in the legislative Financial Plan and the Public Sector Accounting Statement of Operations are different. The purpose of this note is to explain the difference between these two requirements and demonstrate how the legislative requirements for a balanced budget, or Financial Plan net balance of "0", has been met.

FINANCIAL PLAN BALANCE	-	-	-

Financial Instruments

The Library's financial instruments which include cash, accounts receivable, accounts payable, and accrued liabilities, approximate their fair values due to their short term nature. To estimate the fair value of The City of Calgary financing, the Library uses lending rates currently available to it for the issuance of financing with similar terms and remaining maturities from the City of Calgary's primary lender, the Alberta Capital Finance Authority. At December 31, 2014 the estimated fair value of loans was \$nil (\$284,430 at December 31, 2013) compared to a carrying value of \$nil (\$293,720 at December 31, 2013).

Use of Estimates

The preparation of financial statements in conformity with PSAS requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements, and the reported amounts of revenue and expenditure during the reporting period. Where measurement uncertainty exists, the financial statements have been prepared within reasonable limits of materiality. Actual results could differ from those estimates. Significant estimates include the estimates of useful lives and potential impairment of tangible capital assets, and accrued liabilities.

Non-Financial Assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the normal course of operations. The change in non-financial assets during the year, together with the excess of revenues over expenses, provides the Change in Net Financial Assets for the year.

Accumulated Surplus/Deficit

Accumulated surplus/deficit represents the Library’s net economic resources. It is an amount by which all assets (financial and non-financial) exceed liabilities. An accumulated surplus indicates that the Library has net resources (financial and physical) that can be used to provide future services. An accumulated deficit means that liabilities are greater than assets (Note 8).

The accumulated surplus includes restricted funds which have been designated for the replacement and upgrade of the Library’s automated systems, facility refurbishment and major renovations, and the construction of new facilities, as well as obligations under sponsorships. Note 8 provides a listing of all restricted and unrestricted amounts that form the accumulated surplus.

Tangible Capital Assets

Tangible capital assets are recorded at cost, which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets is amortized on a straight-line basis over the estimated useful life as follows:

Major Category	Years
Materials	10
Buildings	10 - 75
Furniture and Equipment	5 - 25
IT Equipment	3.5 - 10
Vehicles	7 - 10

Work in progress represents assets which are not available for use and therefore are not subject to amortization.

Cultural and Historical Tangible Capital Assets

The local history collection is not recorded as a tangible capital asset but is disclosed (Note 6).

Inventories

Supplies held for consumption are recorded at the lower of cost and net replacement value.

Prepaid Expenses

Subscriptions, software annual maintenance contracts, occupancy, and insurance are recorded as prepaid expenses and are recognized as an expense over the corresponding period of the service provided (Note 7).

Leases

Leases are classified as capital or operating leases. Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as capital leases. All other leases are accounted for as operating leases and the related lease payments are charged to expenses as incurred. The Library did not have capital leases during the reporting period.

The City of Calgary Financing

The City of Calgary provides financing in the form of loans for some of the Library's budgeted major capital asset expenditures. These financial statements reflect that portion of financing received by the Library to acquire tangible capital assets. There has been no additional indebtedness incurred in the current reporting period.

Principal payments made in respect of The City of Calgary financing are reflected as a reduction of liabilities in the Statement of Financial Position. The Library loan was paid in full during 2014. The interest payments are reported as expenses in the Statement of Operations.

2. CREDIT FACILITY

The Library has an unsecured revolving credit facility to a maximum of \$1,000,000. The interest rate on the facility fluctuates with the Royal Bank's prime rate per annum. The purpose of the credit facility is to ensure cash flow timing does not affect normal Library operations. It is not intended to be used as debt to fund additional Library operations. At December 31, 2014, the balance of the facility was \$nil (2013 – \$nil).

3. ACCOUNTS RECEIVABLE

Accounts receivable is comprised of the following:

	2014		2013

Included in accounts receivable at December 31, 2014 is \$1,225,546 (2013 - \$978,822) due from and included in accounts payable and accrued liabilities is \$78,119 (2013 - \$nil) due to The City of Calgary. These transactions are recorded at the exchange amount, which represents the amount agreed to by both parties.

12. LOCAL AUTHORITIES PENSION PLAN

The Library participates in the Local Authorities Pension Plan. This pension plan is a multi-employer defined benefit pension plan that provides pensions for the Library's participating employees, based on years of service and earnings.

The pension expense recorded in these financial statements as Salaries and Employee Benefits expense represents the Library's annual contributions of \$2,054,305 in 2014 (2013 - \$1,869,281). All full-time staff employed by the Library are members of the Local Authorities Pension Plan ("LAPP") after a qualification period.

The pension plan is currently in a deficit position of \$(4,861,516,000) in 2013, a slight decrease from \$(4,977,303,000) in 2012. The deficit applies to the entire plan and the Library's portion of the deficit cannot be determined. The 2013 information is provided as most recent information was not available at the time of preparing the financial statements.

13. SIGNIFICANT EVENT

During 2014, the Library repaired and replaced the assets lost or damaged in the 2013 flood. Costs have been capitalized to TCA or expensed as repairs and maintenance in accordance with the Library's capitalization policy. Eligible costs were funded by the insurance proceeds from The City of Calgary.

During fiscal 2014, the Library incurred flood related expenses of \$1,450,240 (2013 - \$1,900,878), which include both capital additions and repairs and maintenance costs. The City of Calgary revenue includes an amount \$2,607,067 (2013 - \$744,050) relating to insurance proceeds received during the year to cover the repair and replacement cost of damages caused by the flood. The Library used reserve funding to bridge the difference between expenditures incurred and insurance funding received.

The Library agreed to a final insurance payout of \$580,970 during January 2015 which will be recognized as revenue in 2015. The Library received payment in February 2015.

14. CALGARY PUBLIC LIBRARY FOUNDATION

The Calgary Public Library Foundation (the "Foundation") financial statements are not consolidated with the Library. The Foundation was established in 1999, and operationalized in 2000. It is a stand-alone charity registered with the federal and provincial governments. The purpose of the Foundation is:

- To raise funds for the Library, a registered charity; and,
- To assist the Library in providing the highest possible level and quality of service to the patrons of the Library.

During fiscal 2014, the Foundation donated \$1,317,717 (2013 - \$1,182,888) to the Library which has been included in donations, grants, and sponsorships revenue.

The Library entered a three-year agreement with the Foundation in 2013, starting in 2013, to contribute \$546,196 annually to funding the Foundation's operating costs. This is included in the Library's financial statements in general operating expenses.
