item 23 Land rezone application for 1532 - 21 Ave NW LOC2023-0315

Are you in favour or opposition of the issue? [required]

Neither

Comments - please refrain from providing personal information in this field (maximum 2500 characters)

Cannot endorse - The city changed the R-CG rules after the LAP was done. We have many concerns (infrastructure, parking, quality of life) with this amount of density.

- This is the third such proposal on our street and the fourth on our block. There are six within a block's walk which is too much.

- Zero community engagement from our viewpoint. We live three doors down and received no information from the owner/developer. The Capitol Hill Community Association is so 'neutral' that they do not respond to requests for information.

- We are losing much of our tree canopy in this area and this will result in the destruction of a healthy, mature spruce.

Cannot oppose - There is a DP on file that 'could be worse' and Ian Fitzsimmons from Centre West Design responded promptly to a request for information. We absolutely think that the DP should be irrevocably linked to any land zone application.

- This property has needed redevelopment for some years.

Sincerely,
Margaret & Lynn Crichton
