## Letter of Request

October 11, 2023

**RE: Land Use-Redesignation at 3371 77St, SW, Calgary, AB**

To whomever it may concern,

We would like to request you to change the Land Use for this residential parcel from DC 50Z2002 to allow for a legal secondary suite, that the current DC zoning does not allow for.

The client currently lives in Ontario and plans to move to Calgary to reside in this house with his children and aging parents.

They do currently have a developed basement; however, it is not a legal suite. They require a full-time nanny for the house to help their aging parents and the young kids while they are busy managing their business.

Therefore we request you to allow us to change the zoning to accommodate for a legal suite in the basement of this house.

We have uploaded the required plans along with the paperwork.

For any further information, please feel free to contact me.

Thank you.

Regards-
