

Background

Context

The *Beltline Area Redevelopment Plan* (ARP) was adopted by Council in 2006 May, establishing the vision for a vibrant, high-density and mixed-use community. Subsequently, the Centre City Districts and density bonus options were added to the Land Use Bylaw 1P2007 in 2008 to implement the vision and policies of the *Beltline ARP*.

The *Beltline ARP* was amended in 2019 April and Part 2 was added to support the realization of a Master Plan vision to create a cultural and entertainment district in Calgary.

Over the last 18 years, the area has experienced significant growth, transforming into a vibrant diverse community. A number of projects are contributing to the need for ARP amendments, including a new *Greater Downtown Plan*, the 17 Avenue South extension project and the arrival of the Green Line.
