Applicant's Submission

Company Name (if applicable):

Horizon Land Surveys

Applicant's Name:

Lei Wang

Date:

Oct. 16th, 2023

LOC Number (office use only):

On behalf of the landowner, please accept this application to redesignate a +/-0.056 hectare site from R-C1 to R-CG to allow for:

- Row houses developments in addition to what is already allowed
- a maximum building height of 11 metres (an increase from the current maximum of 10 metres)
- flexible parcel dimensions and building setbacks that allow a diversity of grade-oriented housing
- the uses listed in the proposed R-CG designation.

The subject site, 1239 18A Street NW, is a corner lot in the community of Hounsfield Heights/Briar Hill along 12 Ave and 18A Street NW. The lot is currently developed with a single detached dwelling built in 1950. Surrounding dwellings are mostly single detached dwellings. The site is approximate 0.056 hectares in size. Lane exists to the north of the site. Vehicle access is available and will be via the rear lane.

The site is about 230 meters from Lions Park C-train station providing convenient public transit. 16 Ave Main Street, North Hill Shopping Center-community activity centre under Municipal Government Plan and SAIT are all in close proximity. Surrounding area is very amenity rich including Calgary Adopt-A-Rink, West Hillhurst Grassshopper Hill Park, Hounsfield Heights Park, etc.

The subject parcel is located within the Residential-Developed-Inner City area of the Municipal Development Plan. The applicable policies encourage redevelopment of inner-city communities that is similar in scale and built form to existing development, including a mix of housing such as townhouses and row housing. The Municipal Development Plan also calls for a modest intensification of the inner city, an area serviced by existing infrastructure, public amenities and transit.

It will be used to provide operating programs, account services and to process payments received for said services. It may also be used to conduct ongoing evaluations of services received from Planning & Development. Please send inquiries by mail to the FOIP Program Administrator, Planning & Development, PO Box 2100, Station M, Calgary, AB T2P 2M5 or contact us by phone at 311.

The proposal is in keeping with the relevant policies of the MDP as the rules of the R-CG provide for development forms that may be sensitive to existing residential development in terms of height, built form and density.

With the lot being a corner lot, the impacts of higher density use on neighbouring lower density properties can be reduced. Housing that faces both streets adds to the residential appearance of the side streets and tends to slow traffic and enhance pedestrian safety and experience on adjacent sidewalks.

Housing diversity and choice policies encourage the provision of a wide range of housing types, tenures and densities that may meet affordability, accessibility, life cycle and lifestyle needs of different groups; an adaptation of the City's existing housing stock to enable changing households to remain in the same neighbourhood for longer time periods through allowing accessory suites in low density areas. So we sincerely hope city can support our application.
