There is a proposed plan to build a multi unit residential building across the alley from my yard. A few concerns I have are how it will negatively impact our peaceful pocket of Bowness. Because we are near Bowness park, and the parking issues have not been addressed since the renovation of the park, we get a lot of overflow parking on our street in front of our house. Knowing that these multi unit buildings don't require a parking space for each unit, the parking issue will increase. We already have issues of people parking their vehicles in the back alley which minimizes the space. Also having recently spent a large amount of money to renovate our home which has made a positive impact on our area, allowing this development and other similar developments near by, will minimize the increased value and contribution to improving our area. The impact of these developments must be beyond increased housing.
