**RECOMMENDATION OF THE CALGARY PLANNING COMMISSION, 2024
 FEBRUARY 22:**

That Council give three readings to **Proposed Bylaw 104D2024** for the redesignation of 0.07 hectares ± (0.18 acres ±) located at 2037 – 28 Street SW (Plan 5661O, Block 9, Lots 19, 20 and a portion of Lot 18) from Direct Control (DC) District to Residential – Grade-Oriented Infill (R-CG) District.

HIGHLIGHTS

- This application seeks to redesignate the subject site to allow for rowhouses and townhouses, in addition to the building types already listed in the existing district (e.g. single detached, semi-detached, duplex dwellings and secondary suites).
- The proposal represents an appropriate density increase of a residential site, allows for development that may be compatible with the character of the existing neighbourhood and is in keeping with the applicable policies of the *Municipal Development Plan* (MDP) and the *Westbrook Communities Local Area Plan* (LAP).
- What does this mean to Calgarians? The proposed Residential – Grade-Oriented Infill (R-CG) District would allow for more housing options within the community and more efficient use of existing infrastructure and nearby amenities.
- Why does this matter? The proposed R-CG District would allow for more housing options that may better accommodate the evolving needs of different age groups, lifestyles and demographics.
- No development permit application has been submitted at this time.
- There is no previous Council direction regarding this proposal.

ENGAGEMENT AND COMMUNICATION

- Outreach was undertaken by the Applicant
- Public/interested parties were informed by Administration

Applicant-Led Outreach

As part of the review of the proposed land use amendment application, the applicant was encouraged to use the [Applicant Outreach Toolkit](#) to assess which level of outreach with the public/interested parties and the respective community association was appropriate. The applicant delivered postcards to surrounding neighbours within a 90-metre radius and reached out to both the Killarney-Glengarry Community Association and the Ward Councillor's Office. The Applicant Outreach Summary can be found in Attachment 3.

City-Led Outreach

In keeping with Administration's practices, this application was circulated to the public/interested parties, notice posted on-site and published [online](#). Notification letters were also sent to adjacent landowners.

Administration received one letter of opposition, indicating concerns that increasing density will create parking issues.

No comments from the Killarney-Glengarry Community Association were received. Administration contacted the Community Association to follow up and no response was received.

Administration considered the relevant planning issues specific to the application and has determined the proposal to be appropriate. The R-CG District is intended to be compatible with other low density residential districts and accommodates a variety of grade-oriented housing forms. The site and building design, parking, servicing and landscaping considerations will be reviewed at the development permit stage.

Following Calgary Planning Commission, notifications for a Public Hearing of Council will be posted on-site and mailed to adjacent landowners. In addition, Commission's recommendation and the date of the Public Hearing will be advertised.
