RE: DP2023-055735 – Wellington Terrace

Dear Benjamin,

Thank you for providing Heritage Calgary with a copy of the revised Development Permit Application for the current site which includes Wellington Terrace. Please accept the following comments from Heritage Calgary regarding the revisions apparent in the captioned DP.

Comments from Heritage Calgary

The revised plan indicates placement of a heritage plaque adjacent to the main entrance, facing 3 AV NW, making it visible to passers-by, in accordance with Heritage Calgary's plaque agreement that a plaque is easily seen and accessible to the public. The plaque should be displayed at eye level, or at least 1.5 metres from ground level, and no more than 1.5 metres from the property line.

Heritage Calgary requests the development team to confirm the location and size of the plaque to ensure that it meets the requirements and is visible to passers-by. Kindly confirm placement and size of the plaque on the north elevation, as currently it does not appear on the North Rendered Elevation:

01. NORTH RENDERED ELEVATION

We continue to encourage the development and design team to think beyond the plaque as a commemorative feature. Incorporating references to elements from the existing historic resource would aid in storytelling, providing historical continuity to create a sense of place.

Thank you for giving Heritage Calgary an opportunity to comment on this application.

Kind regards,

A handwritten signature in black ink, appearing to read 'C. Klaassen'.
