BACKGROUND

On 1995 November 13, The City of Calgary Council passed Bylaw 28P95, being a bylaw of The City of Calgary to establish a municipal planning commission. Bylaw 28P95, as amended, provides the following:

4. The Calgary Planning Commission is established as a municipal planning commission by this bylaw to consist of the following:
 - (d) Two General Managers of the City appointed by the City Manager, one of whom shall be designated as Chairperson of the Commission by the City Manager. Each General Manager shall remain a member of the Commission for so long as such person holds the position of General Manager or until such appointment is revoked by the City Manager. In the temporary absence of a General Manager, such General Manager may, in writing, appoint an employee of the City to act in his or her place.

Administration proposes an amendment to Section 4(d) to empower the City Manager to appoint one (1) General Manager and one (1) Director to the Calgary Planning Commission. The General Manager so appointed shall be the Chairperson of the Calgary Planning Commission.

ADMINISTRATION'S RECOMMENDATIONS:

That Council gives three readings to Bylaw 47P2016.
