

Medical Response Unit Pilot Project Update

By The Numbers

2	MRUs at Downtown Station 1 and Forest Heights Station 12
24/7	MRUs are staffed 24 hours a day, 7 days a week with 2 firefighters (A Lieutenant & Driver).
2,640	Incidents responded to by MRUs.

0:12	Improvement to Medical Calls within assigned district.
0:30	Faster to medical calls compared to other districts.
1:27	Response Time Improvement to Building Structure Fires by Engines within District
0:20	Effective Response Force Improvement within Assigned District
0:56	Effective Response Force Improvement (city-wide)

11%	Improvement in unit availability in Station 01's district. (Meaning another unit didn't have to travel to cover incidents.)
158	During 158 incidents, the district engine was able to respond in District 12 & 01 as the MRU had already responded to a medical call.
7	Available engines were available to respond to 7 confirmed fires.
19	Available engines were available to respond to 19 hazardous materials incidents.
7	MRUs were the first-on scene and administered a life saving automated external defibrillator (AED) during 7 incidents.
