RECOMMENDATION OF THE CALGARY PLANNING COMMISSION, 2024 APRIL 25:

HIGHLIGHTS

- This application seeks to redesignate the subject site to allow for a variety of housing forms where the dwelling units may be attached or stacked within a shared building or cluster of buildings.
- The proposal represents an appropriate density increase of a residential site, allows for development that is compatible with the character of the existing neighbourhood and is in keeping with the applicable policies of the *Municipal Development Plan* (MDP).
- What does this mean to Calgarians? The proposed land use amendment would allow for greater housing choices within the community and a more efficient use of existing infrastructure and nearby amenities.
- Why does this matter? The proposed Housing – Grade Oriented (H-GO) District would allow for more housing options that may better accommodate the evolving needs of different age groups, lifestyles, and demographics.
- An amendment to the *Forest Lawn-Forest Heights/Hubalta Area Redevelopment Plan* (ARP) is required to accommodate the proposal.
- No development permit has been submitted at this time.
- There is no previous Council direction related to this proposal.

DISCUSSION

This land use and policy amendment application in the southeast community of Forest Lawn was submitted by Horizon Land Surveys on behalf of the landowner, Canadian Prosperity

Policy and Land Use Amendment in Forest Lawn (Ward 9) at 2201 – 46 Street SE, LOC2024-0023

Group Inc. (Michael Short), on 2024 January 29. No development permit has been submitted at this time; however, as noted in the Applicant Submission (Attachment 3), their intent is to apply for a development permit for a five-unit, grade-oriented building with secondary suites.

The 0.06 hectare (0.15 acre) corner site is located on 46 Street SE, 200 metres (a three-minute walk) south of International Avenue (17 Avenue SE), which is an identified Urban Main Street in the MDP. A MAX Purple station on 17 Avenue SE is also located within a short walking distance of the site.

The proposed policy amendment to the *Forest Lawn-Forest Heights/Hubalta ARP* would change the Land Use Policy Areas Map (Map 2) land use classification from “Neighbourhood Limited” to “Neighbourhood Low Rise”. The proposed H-GO District accommodates grade-oriented development in a range of housing forms where dwelling units may be attached or stacked in a form and at a scale consistent with low density residential districts.

A detailed planning evaluation of the application, including location maps and site context, is provided in the Background and Planning Evaluation (Attachment 1).
