Climate Advisory Committee Mandate:

To provide Council and Administration with strategic advice and recommendations on policies and strategic initiatives that relate to climate change mitigation and adaptation.

Climate Advisory Committee Responsibilities:

Include advising Council on policies, strategy and implementation related to mandate - financial, social and environmental implications of climate change - climate consideration in municipal decision-making - and ways to increase climate action awareness in the community.

Work, Impact and Accomplishments

Working in sub-committees, we conducted a gap analysis of actions undertaken in the seven elements of the Climate Implementation Plan:

- Accountability and Reporting
- Buildings
- Communities
- Education and Outreach
- Energy Supply
- Mobility
- Natural Infrastructure

With cooperation from Administration, we identified 18 priorities for Council to consider.

Work, Impact and Accomplishments
