**RE: Bylaw # 279D2016 – 10501 Sacramento Drive SW rezoning from R1 to R1s**

To whom it may concern,

We understand our neighbours, Margo and Harvey Wood, as owners of the property at 10501 Sacramento Drive SW, are applying to have this home rezoned from R1 to R1s with the intent to add a legal basement suite to the residence. We live within a block of this property and drive or walk by it multiple times each day.

We are in support of this application for the following reasons:

- Since acquiring the property last year, the Woods have significantly improved the curb appeal of this home (e.g., new fencing and landscaping).
- They have chosen renters who also take pride in the upkeep of the property (e.g., well kept lawn, timely snow removal).
- There is ample parking available to accommodate any new renters of the basement suite.
- We know there are many illegal suites already in Southwood and applaud Margo and Harvey for going about this the right way by applying to make this new suite legal.

We sincerely hope you choose to decide in their favour.

Yours truly,
