Re: Bylaw# 279D2016 Change land use from RC1 to RC1S
10501 Sacramento Drive SW

To whom it may concern,

I am writing this letter in full support of Margo and Harvey Woods application to change their land use from RC1 to RC1S. Since Margo and Harvey have purchased the property, they have made many upgrades and improvements. I must say the property now looks far better than before they purchased it. I have known Margo and Harvey for 19 years. They take pride in their own home and I know that they will also take pride in their rental property and keep it maintained and looking its best.

I would also rather have a legal and safe secondary suite in the neighbourhood than an illegal one where the tenants may be at risk because of a development not up to building codes.

Thank you,

A handwritten signature in cursive script that reads "Raymond Low".

Raymond Low
10635 Shillington Cres. SW
