Hello Quadri,

I am attaching a letter of support for the LOC2022-0125 application. The applicant attended our October meeting, and all members supported this application. Our Committee Chair signs the letter. Please let me know if there is anything else I can provide.

Respectfully,

**Idalia Galindo**

Subject: Support for LOC2022-0125

Dear Quadri Adebayo,

I am writing on behalf of the Bowness Community Association Planning & Development Committee to express our support for the proposed change in land use district from DC to I-C (file number: LOC2022-0125). Our committee has reviewed the proposal and believes it aligns with our community development goals.

Thank you for considering our endorsement of this proposal. We look forward to the opportunity to work together towards the shared goal of enhancing our community's future.

Sincerely,

Angelina Selvalingham

  
Bowness Community Association Planning & Development Committee

Overall, I am/we are:

Neither in support nor in opposition of this application

Areas of interest/concern:

Land Uses,Other

What are the strengths and challenges of the proposed:

Will the proposed change affect the use and enjoyment of your property? If so, how?

The City views applications in the context of how well it fits within the broader community and alignment to Calgary's Municipal Development Plan (MDP). Do you see the proposed changes as compatible to the community and MDP? If not, what changes would make this application align with The City's goals?

How will the proposed impact the immediate surroundings?

General comments or concerns:

The Bowness Community Association Planning and Development Committee has reviewed the application and has the following comments/requests:

Firstly, for the committee to provide comprehensive feedback, we kindly request a detailed building plan that will allow us better to understand the scope and specifics of the project, enabling us to provide more informed comments.

Additionally, we would appreciate information about the ownership of the land adjacent to lots A & B, which is identified by the red section in the provided document.

Furthermore, we would like to inquire about any landscape requirements for this proposed redesignation.

Clarifying landscape considerations will aid us in evaluating the overall environmental and aesthetic aspects of the development.

Lastly, the committee prefers the orientation of the building's front to face 69 Street and 32 Ave, with parking situated behind the building and hidden from these streets.

Thank you for your attention.
