### RECOMMENDATION OF THE CALGARY PLANNING COMMISSION, 2024 APRIL 25:

That Council give three readings to **Proposed Bylaw 172D2024** for the redesignation of 0.21 hectares  $\pm$  (0.53 acres  $\pm$ ) located at 19610 – 72 Street SE (Portion of NW1/4 Section 14-22-29-4) from Residential – Low Density Mixed Housing (R-G) District to Direct Control (DC) District to accommodate a Child Care Service, with guidelines (Attachment 2).

### HIGHLIGHTS

- The application proposes to redesignate the subject site to a Direct Control (DC) District to allow for the additional discretionary use of Child Care Service, in addition to the uses already allowed in the Residential – Low Density Mixed Housing (R-G) District (e.g. single detached, semi-detached, rowhouses, duplex and cottage housing clusters).
- The proposal allows for development that may be compatible with the character of the existing neighbourhood and is in keeping with the applicable policies of the *Municipal Development Plan* (MDP) and the *Rangeview Area Structure Plan* (ASP).
- What does this mean to Calgarians? The proposed DC District would allow for an additional use that is an essential service and community amenity.
- Why does this matter? The provision of local child care options will promote the development of a complete community.
- No development permit has been submitted at this time.
- There is no previous Council direction on this site.

Outline Plan (LOC2018-0088) indicates that the site is predominately surrounded by lands designated for low density development and S-SPR District. The proposed DC District would allow for Child Care Service within a future building as discretionary use in addition to the uses already allowed in the R-G District. The parcel may still be used for residential uses if the child care use does not occur or ceases to operate.

A detailed planning evaluation of the application, including the location maps and site context is provided in the Background and Planning Evaluation (Attachment 1).
