Request council's support in a land use redesignation within the TOD area for the future LRT at Country Hills BV NE. While the proposed M-H2 land use district permits commercial on the ground floor, the proposed DP, does not intend to accommodate it as the landowner feels there is sufficient commercial designated in the area to date, and likely more to come, in the future, in other quadrants around the future station area. The intent here is to build several residential-only buildings, of variable heights, to assist the city in addressing the housing situation.
