

2016-2018 FCSS Program Funding Recommendations

CPS2016-0036
ATTACHMENT 2

- All previously-approved allocations have been adjusted with funding increase received from the Government of Alberta and are presented for approval. The adjustment represents a nine per cent increase across-the-board to funded agencies and an additional increase to 30 strong but inadequately funded programs. The 30 programs are identified in the table by an asterix.
- Funding recommendations vary from one to three years. One year of funding is recommended for organizations that require more time to address challenging governance situations and/or to demonstrate their alignment to evidence-based practice. Where Administration recommends conditions accompany funding, those are marked in the column called "Conditions Endnote #" to the left of the agency name.
- A three-year funding recommendation is made for strong organizations with good governance structures and exemplary programming.
