| <p>Commissioner Hawryluk</p> | <p>Reasons for Approval</p> <ul style="list-style-type: none"> The R-CG Land Use District is a low-density residential district with specific rules for height and setbacks along property lines that are shared with other low-density residential districts (LUB, Section 541). Council has approved these rules to make the R-CG Land Use District appropriate in low-density settings and respect adjacent residents. <p>Under the R-CG Land Use District, the maximum height is 11 metres (1 metre more than is allowed under the R-C1 and R-C2 Land Use Districts). The maximum lot coverage is 60% (15% more than is allowed under the R-C1 and R-C2 Land Use Districts).</p> <p>Due to lower construction costs and more flexible forms, rowhouses and other missing middle housing forms are more effective at producing larger three- and four-bedroom homes than taller buildings. Allowing smaller units, like secondary suites, allows smaller households to live in established areas too.</p> |
